Big Four Agree To Hold Korean Peace Parley at Geneva in April

NATURE'S HANDICRAFTERS AT WORK. The vagaries of nature combined to create this fantastic formation of snow suspended from the eaves of a metal roof on a building at Big Bear Lake, Calif. The late afternoon sun caused the melting snow to slide slowly off the roof. But before it could tumble to the ground, a sudden drop in temperature coincident with sundown froze the snow in this position.

White House Move Starts Row in GOP

Rep. Mason Resigns From Panel Following Dismissal of Manion

WASHINGTON (AP) — Rep. Mason (R-Ill) today resigned from President Eisenhower's commission on inter-governmental relations in protest against the dismissal of Clarence Manion as chairman.

And from several Republican senators there was a chorus of outcry against the White House treatment of Manion, former dean of the Notre Dame Law School.

Resigned by Request

Manion disclosed late yesterday he had resigned by request. He declared he had been let out because he supports a proposed constitutional amendment by Sen. Bricker (R-Ohio) to limit treaty powers.

Manion said his resignation was requested by Sherman Adams, presidential aide.

Since Manion was a presidential appointee, Adams obviously could not have acted without Eisenhower's approval.

Mason, in a statement announcing he was resigning, directed his fire at Adams.

'Autocratic Dictatorship'

Mason said Adams' action "smacks of autocratic dictatorship" and puts the commission "in the same helpless condition as a strong man would be with his head suddenly severed from his body."

He called Manion "one of the biggest men in the country—a man big enough and capable enough to be president of the United States."

"For a man of that calibre to be fired from a position of national importance by a presidential assistant because of his expressed convictions that we need the Bricker amendment is nothing short of a national calamity," Mason added. "Such action smacks of autocratic dictatorship."

Threatening Storm

The Senate was debating the Bricker amendment yesterday when it received word of Manion's dismissal.

Bricker, whose amendment has been opposed vigorously by President Eisenhower, arose to tell his colleagues "there is a threatening storm ahead when men of great ability who do not see alike with the leaders of an administration"

OHIO'S TURNPIKE, joining the Pennsylvania turnpike on the east and stretching 241 miles across the northern part of the state to the Indiana line, will provide motorists with 16 service areas. Each area will include complete service for passenger cars, special facilities for truckers, restaurant service and picnic space. Unlike other turnpikes, the Ohio highway will pair the facilities on either side of the turnpike at eight sites, indicated on the above map. The entire Ohio turnpike is scheduled to open Oct. 1, 1955.

Plans Drafted On 20-Nation Asian Session

Reach Accord on Last Day of Berlin Session Following New Debate

BERLIN (AP)—The Big Four foreign ministers reached agreement tonight on plans for a Korean peace conference to be held about April 15 in Geneva.

British officials, announcing the accord while the ministers were still in their final session, said details would be made public later tonight.

The action came after a new debate on methods of easing the complexities of life in divided Germany and after Russia refused to make any concession on Austria's continued occupation.

Earlier American authorities said the Big Four had approached agreement on the Geneva parley, awaiting only Molotov's concurrence in a clause spelling out that the meeting itself would not constitute U.S. recognition of the Peiping government.

The Geneva meeting would be the one major dividend from the otherwise fruitless Berlin conference.

20-Nation Parley

The proposed Geneva conference would embrace about 20 nations—16, including America, Britain and France, which fought on the U.N. side in Korea—South Korea; Russia, Red China and North Korea.

Today—last of the Berlin talks—Dulles and Foreign Ministers Eden, Bidault and Molotov held their sixth secret session on sponsoring the new conference. They met for an hour and 15 minutes. Then they broke up to reassemble later in a bigger open meeting at which American officials believed they would almost certainly resolve the dispute over Chinese participation by making clear that it would not mean recognition.

It was also considered probable that the four would issue a statement favoring disarmament efforts in line with a resolution adopted by the United Nations last fall, which called on all nations to work for arms cutbacks.

But the great problem of German unification was without any solution and an Austrian independence treaty seemed to be in the same deadlock — unless Molotov was willing to change radically his insistence on keeping Soviet troops in Austria.

Enter Sixth Session

Molotov has spent much time in the Berlin Big Four meeting, which closes today, arguing for a Big Five conference including the Chinese Reds. The West has rejected this and insisted the Big Four here should sponsor a limited conference of all interested nations on: 1—Korea, 2—Indochina.

Secretary of State Dulles, Britain's Anthony Eden and France's Georges Bidault went into their sixth secret session with Molotov today hoping that no last-minute maneuver on his part would make a Korean conference agreement impossible.

County Board Hit

Suits Filed To Halt School Area Shifts

Two petitions asking the court to set aside transfer of Marion Local school district territory were filed today in Marion County Common Pleas Court.

The plaintiffs are the Marion Local Board of Education and Lowell H. Guthery, of 451 Merchant Ave., a taxpayer. The principal defendant is the Marion County Board of Education.

—:—

THE MARION LOCAL school district was split up and the territory awarded to other school districts by the county board as a result of a new state law which provides that districts with no schools shall be dissolved.

Marion Local for some time has had no school and pupils living in the district have been sent to other schools on a tuition basis.

Part of the Marion Local district went to Meeker and the rest to Marion City district. Effective Feb. 9, Meeker was awarded a section on which lies the Erie Railroad yards and the Marion Water Co. This area has a tax duplicate value of about one million dollars.

—:—

IN ORDER TO effect the transfer to Meeker, portions of Green Camp and Morral districts had to be shifted to Meeker. The shifts were necessary since state law requires transfer of school districts to adjoining districts, according to county school superintendent D.T. Mills.

Transfer of the remaining Marion Local district was made last Saturday and Wednesday by the county board of education. Three sections were transferred to Marion City.

Eckley addition and The Woods allotment to the east; Sawyer and White Oaks on the south and west, were transferred last Saturday.

A northwest section about one-half mile wide on State Route 30, bounded by a township road on

Detective Tells Of Being Hired By Sternbaum

Pinkerton Investigator Says He Was Engaged After Fire at Market

MANSFIELD, Ohio (AP)—A Pinkerton detective testified today he had been hired by E. Max Sternbaum to investigate the death of his wife Leah Dec. 4, 1952.

Sternbaum is on trial here charged with killing his wife with a wrench. He also is charged with starting the fire that destroyed the small office building from which his wife's charred body was taken. He says robbers attacked him while he was working late at night, then killed his wife when she came to pick him up, and set fire to the building.

Avery W. Herron, assistant manager of Pinkerton's Cleveland office, quoted a statement by Sternbaum saying the "last three weeks of their (Mr. and Mrs. Sternbaum's) married life had been the happiest of their experience."

He said Max also told him "Investigation would show he had done some running around since his marriage and that his morals had been a little loose."

But Sternbaum told him "he knew of no one who would be seeking revenge in that connection," Herron testified.

The Pinkerton detective said Max also told him.

"No married women were involved," and that "the only girl involved was unmarried."

That (Sternbaum) had nothing to do with the fire or the death of his wife. Sternbaum had arguments with his wife over control of their children and over his flying, but they had no serious difficulties, although they had talked of divorce."

"They settled their differences on the agreement that Max was to buy an airplane and Leah was to buy a new car."

Herron said he was hired Dec. 15, 1952 by Max and his brother Dave Sternbaum and Atty. Marshal Moore "to investigate the case and find a solution." He said Dave Sternbaum told him he kept a heavy monkey wrench on his desk in the office for a paper weight. After the fire two employes found the wrench in the middle room, the investigator was told.

He said Dave Sternbaum showed

Ted Brown's Forecast

Eventual Statewide Use Of Voting Machines Seen

"Some day every county in Ohio will have voting machines," predicted Secretary of State Ted Brown this morning during a two-hour visit to Marion.

Brown, accompanied by three staff members, was in the city to appoint 16 members to boards of elections in Marion and surrounding counties. In addition, he discussed details of the May 4 primary election.

—:—

EMPHASIZING that he was "not trying to sell them," Brown said that from information received in his office most counties using voting machines save money, and some counties claim that machines actually "pay for themselves."

He added that he had not had an opportunity personally to go over the information in a resolution asking for purchase of 77 voting machines for use locally submitted recently by the Marion County Board of Elections to the county commissioners.

Two of the greatest advantages gained from using voting machines, as the Secretary of State sees the situation, are that elections are fraud-free and the election count is speedy.

The count is taken immediately after the polls close, and the results are in his office within minutes, he explained.

—:—

THIS SPEED in obtaining election returns saves an additional counting crew now employed in some counties using paper ballots,

French To Kill U.S. Offers of Training Help

Military Leaders Sure Aid Not Needed; More Men To Be Available

WASHINGTON (AP)—An American move to help train anti-Communist Indochinese troops appeared certain today to run into strong opposition from top French government and army leaders.

There were solid signs that if France accepts this American suggestion it will do so reluctantly.

French military authorities were reported convinced they are training loyal Indochinese recruits as fast as humanly possible and that American aid in this task is not needed.

Additional Force

To back up their arguments, French diplomats reported today plans to mobilize an additional 108 "commando" battalions of anti-Communist troops this year. If this goal is met, they emphasized, loyal Indochinese forces will total some 320,000, outnumbering the 300,000-man Communist force for the first time.

Coupled with the 170,000-man French Expeditionary Corps, this would give anti-Communist forces a 5-3 manpower advantage unprecedented in the bloody seven-year-old conflict.

The Defense Department disclosed late yesterday that it has informally proposed that the French allow Americans to help train native forces, mainly Viet Nam recruits, it reported Lt. Gen. John W. O'Daniel, commander of American Army forces in the Pacific, would be sent to Indochina to head an enlarged American military mission which would have some training responsibilities, if the French agreed.

Military Sponsored

The Pentagon explained that the matter so far is being discussed via military rather than diplomatic channels.

The French Embassy, commenting on the Pentagon statement, said emphatically it knew of no formal request of this kind. Diplomatic spokesmen made clear their opinion that any such American bid would have to be decided on a high diplomatic level.

Crowds Greet Eisenhower as Vacation Starts

Chief Executive Mixes Pleasure, Business on Visit to Palm Springs

PALM SPRINGS, Calif. (AP) — President Eisenhower, warmly welcomed to this desert vacation resort, looked forward today to soaking up plenty of sunshine—much of it on the golf course.

The President and Mrs. Eisenhower arrived here last night for five days of rest after a 9½-hour nonstop flight from Washington.

3,000 on Hand

A crowd of about 3,000 persons turned out at the airport and cheered the couple as they descended from their private plane, the Columbine. Smiling, the President stepped to a battery of microphones and declared:

"We are delighted to be back here once again. We have been looking forward for a long time to this trip. We are delighted to be in this state."

The Eisenhowers—together with the First Lady's mother, Mrs. John S. Doud—were welcomed officially by California's Gov. Goodwin J. Knight.

On hand, too, was one of the Eisenhowers' hosts, old friend Paul G. Hoffman, board chairman of the Studebaker Corp., and former chief of the government's foreign aid program.

Staying at Ranch

Hoffman invited Eisenhower to Palm Springs four years ago, but the Eisenhowers actually are staying here at the Smoke Tree Ranch home of Paul H. Helms, a bakery executive.

The ranch, close by snow-thatched, 10,800-foot Mt. San Jacinto, is a development made up of 61 privately owned homes. Hoffman's place is located about a block from Helms' home.

Debate Against Appointment of Beeson Begins

Democrats To Fight Ike's Nomination to Seat on Labor Board

WASHINGTON (AP)—The Senate squared off today for bitter debate on the nomination of Albert C. Beeson to the National Labor Relations Board, with indications that he will be confirmed by a slim margin.

Republicans appeared to be lined up solidly behind the 47-year-old California businessman named to the NLRB by President Eisenhower. Most Democrats indicated they would vote against him, but there were exceptions.

Sen. Byrd May Switch

One of these was Sen. Byrd (D-Va), who said in an interview, "I think I'll support him. If there is no conflict of interest—and my investigation doesn't disclose it—I'll be for him."

The six Democrats on the Senate Labor Committee, which questioned Beeson at length, accused him of giving the committee what they called "deceptive and misleading testimony" on three counts.

In a formal report to the Senate, the committee minority said Beeson gave "false" testimony when he said that he "had resigned from the Food Machinery and Chemical Corp." "had given up his pension rights" and "had not made statements appearing in the San Jose Mercury."

Beeson was vice president of the food machinery firm, at San Jose, Calif., before being named to the NLRB.

Claim Data Withheld

The Democrats declared he "withheld information of importance and revealed facts only with reluctance and when confronted with contradictions in his own testimony."

Labor Committee Republicans filed a last-minute report expressing full confidence in Beeson. They noted that he has now submitted a written resignation to his old employer and said:

"This resignation completely dissipates the alleged 'conflict of interest'" which Democrats have said would make Beeson unfit for a job on a semijudicial agency, such as the NLRB.

Ohio U. Marks 150th Birthday

Athens School Oldest In Northwest Territory

ATHENS, Ohio (AP)—Ohio University, oldest college in the Northwest Territory, celebrates its 150th birthday today.

The observance will continue for four days and includes dedication of a 1½ million dollar university center and premiere performances of a historical drama and an "American Rhapsody."

In conjunction with the observance the Southeastern Ohio Newspapers Assn. is holding its winter meeting on the Ohio U. campus. The association program includes a round-table discussion on newspaper problems of the area, election of officers and talks by members of the Ohio U. School of Journalism.

Gov. Frank J. Lausche will speak at university center dedication ceremonies.

Later, 150 students and faculty members will take part in the premiere of "The Green Adventure," written by former writer-in-residence Charles Allen Smart, a native of Chillicothe. The drama will continue for nine nights.

The "American Rhapsody" will be premiered Sunday, when Composer Dr. Ernst von Dohnany conducts the university symphony.

FIND OHIOAN'S BODY

MELBOURNE, Fla. (AP)—Searchers yesterday found the body of William A. Hubbard, about 60, of Warren, Ohio, in Lake Washington. Hubbard, a winter visitor, was reported missing last Friday when he failed to return from a fishing trip near Melbourne.

Lausche Mum on Issue Of Backing Eisenhower

WASHINGTON (AP)—Ohio's Democratic Gov. Frank J. Lausche says he thinks highly of President Eisenhower but refuses to say whether he would support the Republican in a bid for a second term.

Lausche, here for a national highway safety conference, spent 15 minutes with the President yesterday.

A reporter asked the governor if he would support Eisenhower if he ran again for President.

"I've already told you of the high esteem in which I hold him," replied Lausche.

When told the reporter couldn't interpret that statement, he snapped: "You'll have to interpret it."

Indian Troops Threatened by Korean Official

SEOUL (AP)—South Korea's provost marshal declared today in the face of American warnings that he will block the departure of Indian troops unless India meets ROK condition.

Lt. Gen. Won Yong Duk insisted that India guarantee the safety of 76 Korean War prisoners en route to India and warned, "I will carry out my plan if this assurance is not given."

"I could mobilize all patriotic Republic of Korea personnel, military and civilian," Won declared. "Many will volunteer."

The 76 Koreans, along with 12 Chinese POWs, asked to live in neutral nations and were sent to India until arrangements are completed.

Gen. Maxwell D. Taylor warned South Korea yesterday that his 8th Army will permit no interference with the departure of Indian troops which guarded unrepatriated war prisoners for about four months in the demilitarized zone.

TRANSPORT DOCKS

SAN FRANCISCO (AP)—The transport Gen. Nelson M. Walker arrived here yesterday from the Orient with 2,914 veterans of the 1st Marine Air Wing in Korea and the 3rd Marine Division in Japan.

Ike Wins Test Vote

Final Showdown Put Off On Bricker's Amendment

WASHINGTON (AP) — The Senate today put off until next week a final showdown on the Bricker treaty power amendment, after a 44-43 administration victory on a test vote.

This outcome left the general impression among senators that the only proposed constitutional amendment with a chance of winning the required two-thirds approval of those voting was a substitute offered by Sen. George (D-Ga).

George's proposal would amend the Constitution to say:

"A provision of a treaty or other international agreement which conflicts with this constitution shall not be of any force or effect.

"An international agreement other than a treaty shall become effective as internal law in the United States only by an act of Congress."

This substitute for a proposed constitutional amendment by Sen. Bricker (R-Ohio) has been found unacceptable by President Eisenhower and his executive assistants. They turned down also the original Bricker proposal, which has not as yet been modified to meet the objections.

Nevertheless, several senators said that if George's proposal is not accepted by the Senate, no constitutional amendment is likely to be passed.

Bricker has said he would go along with the George proposition if his own revision of the constitutional change is rejected by the Senate.

Bricker's proposal would provide that no treaty or international agreement should become effective as domestic law unless approved by a majority of both houses of Congress or separate two-thirds vote of the Senate.

Federal 'Security Risks' Analyzed

Total on Workers Fired For Disloyalty Rises to 29

WASHINGTON (AP)—The number of officially disclosed 1953 government firings for disloyalty reasons rose to 29 today as the administration took steps toward analyzing 2,200 "security risk" cases.

The figure of 29 covers only five big departments whose officials have been questioned about security separations by the House Appropriations Committee and whose testimony has been made public. The same departments reported 437 "security risks" had been dropped.

23 Classed Subversive

Most recent agency to report was the Commerce Department. In testimony made public today, Asst. Secretary James C. Worthy told the committee 132 security firings or forced resignations last year included 23 persons classified as "cases involving alleged subversion or disloyalty."

Previously, the Justice Department had reported 1 former Communist among its 8 security firings; the Treasury Department had listed 4 disloyalty cases among 120 dismissals; the Agriculture Department had told of 1 disloyalty case in an undisclosed number of security ousters, and the Post Office Department had reported 166 security releases with no disclosure of how many, if any, were disloyal.

Still Holding Figures

The State Department already has given its figures but the committee has not released them. Reportedly, there have been 534 security firings in the State Department, with 11 or 12 involving disloyalty.

On that basis, with the State Department figures unofficial, the committee has received reports showing that out of 971 security cases in six departments, 40 or 41 have involved persons found or suspected to be disloyal.

Judge To Rule On Roosevelt's Wife's Claims

Amount of Temporary Support at Issue as 4-Day Hearing Ends

PASADENA, Calif. (AP)—A judge will announce within a few days how much temporary support James Roosevelt, who claims he's worse than broke, shall pay his estranged wife Romelle, who demands $3,500 a month.

A four-day hearing on the matter wound up yesterday with her attorneys accusing the oldest son of the late President Franklin Roosevelt of "making false statements for the purpose of concealing his assets."

Roosevelt's attorney said Mrs. Roosevelt will have to get along with $30 to $40 dresses instead of $100 ones.

Superior Judge Kurtz Kauffman took under submission the support demands an the amount to be allowed Mrs. Roosevelt for court costs and attorney fees.

The support order will be effective pending trial of their separate maintenance suits. In hers, Mrs. Roosevelt, 38, accuses her 46-year-old husband of adultery, naming three corespondents. She also filed letters signed by him stating he admitted infidelities with nine other women.

Roosevelt has denied all the charges.

He already is paying his wife, who has temporary custody of their three small children, $1,075 a month.

Judge Kauffman said his decision will be based on Roosevelt's ability to pay as shown by his income and disbursements the past five or six years.

The insurance executive's financial records, introduced in court, show gross annual income ranging from $50,000 to $51,000 the past few years and yearly disbursements varying from $40,000 to $79,000.

The judge ordered stipulations and restraining orders to remain effective pending trial, which will be at least eight months hence. One order forbids either person from disposing of property. A stipulation bars either from making derogatory remarks about the other in the childrens' presence.

Roosevelt also has the right to visit his children but only at his wife's home. An attorney said she leaves the house when her husband is with the youngsters.

The judge ordered Roosevelt to continue making mortgage and tax payments on the family house.

In his summation, Arthur E. Schafferman, one of Mrs. Roosevelt's three attorneys, declared: "We have shown that Mr. Roosevelt cannot be believed in any of his testimony.

"And we have shown that he is by nature so devious that he would stoop to making false statements for the purpose of concealing his assets."

In reply, Roosevelt's attorney, Samuel B. Pruone, said Mrs. Roosevelt now "has more than $100,000 in assets which she never had before they were married. It was given to her by him. And now they are trying to make a criminal out of him."

Declaring that Roosevelt's testimony has been thoroughly and completely impeached," Schafferman said the hearing indicated the 'juggling of many thousands of dollars.'"

The attorney also declared, in reference to $100,000 Mrs. Eleanor Roosevelt loaned to her son James, "We know there is some secret agreement between Mr. Roosevelt and his mother but we do not know the terms thereof."

Mrs. Roosevelt estimated her husband was worth two million dollars. He submitted financial statements indicating he was $72,185.45 in the red last Jan. 31.

Taffy Sale Begun by YMCA Children

BUYING THE FIRST BOX of candy in the third annual YMCA salt water taffy sale is Arthur Haas, executive secretary of the organization. The lucky young lady making the sale is Patty Higdon, 11-year-old daughter of Mr. and Mrs. R. E. Higdon, 488 Pearl St. Patty, a sixth grader at Pearl Street School, wears the badge identifying her as an official taffy saleslady and carries a supply of 10 one-pound boxes of the candy. Patty is one of hundreds of Marion boys and girls who began knocking on doors yesterday afternoon. The sale, proceeds of which will go for badly needed repairs on the YMCA bus, ends Saturday.

Machines

(Continued From Page 1)

Brown continued. Some counties, he said, use one crew from the time polls open until polls close. Then another crew comes on duty to count the ballots.

He doesn't believe it takes a long time for voters to become familiar with the procedures of using machines. As an example he cited Montgomery County, where voters recently took into consideration their "mushrooming population" and approved a bond levy for the purchase of additional machines.

That's a good indication of voter approval of the machines, Brown pointed out.

SINCE BROWN has been in office, he has set up voting machine demonstration clinics at the state fair the last three years. At these clinics voting machines of the two companies manufacturing them in the United States were set up with mock elections questions and candidates, and fair visitors had the opportunity to try them out.

Comments from these clinics were favorable, Brown said.

To take care of the increasing number of counties adopting voting machines, Brown revealed that he is planning to set up a department in his office to assist those counties at election times.

TOUCHING UPON the voter limits imposed by state law for each precinct, Brown said that not less than 250 nor more than 400 voters normally can be assigned to one precinct.

However in line with his feeling that "local boards know more about their situation" than his office, Brown said he has left it up to the discretion of local boards for enforcement.

If a precinct could handle more than 400 voters without difficulty, there would be no necessity for creating another precinct, Brown believes. However, if the situation got to the point where 600 or more voters were assigned to a precinct then his office would step in and require re-assignment, he said.

The Marion County Board of Elections in asking for purchase of the machines said it would have to add 17 new precincts unless the machines were adopted. It cited the increased cost of adding these precincts as a good reason for purchasing machines.

COUNTIES NOW employing voting machines are Erie, Clark, Franklin, Hancock, Huron, Lake, Logan, Mahoning, and Montgomery and commissioners of Trumbull and Ross recently passed resolutions authorizing for the purchase of machines, Brown reported.

The conference Brown conducted this morning was one in a series of 12 meetings he has held throughout Ohio to discuss details of the coming primary election.

Sworn in as members of the local board this morning were Robert Stief, Republican, and George Stafford, Democrat. Stief recently was recommended by the executive committee of the Marion County Republican party to succeed himself for a second four-year term. Stafford is beginning his first full term as an elections board member. He was appointed to the board after Harold E. Clark was appointed clerk to fill a vacancy. Stafford's recommendation came from his party's executive committee.

ACCOMPANYING Brown were Mrs. Lillian Trueblood, elections counsel, Ray Howard, executive assistant, and Nicholas Petroff, attorney, from his office.

Elections board members from seven nearby counties who were sworn in this morning by Brown included: Crawford, O. H. Hilborn and John Berger Jr.; Hardin, James W. Ansley and T. R. Castor; Logan, C. N. Corbet and Lee Anderson; Morrow, H. P. Squire and Ivan Mann; Richland, James V. Will and Marshall C. Moore; Union, J. K. McLaughlin and William L. Coleman; and Wyandot, V. R. McBeth and Elias Ellis.

the west and Marion City school district on the east, was transferred Wednesday.

IN ITS PETITION, the Marion Local board charges that the transfer was made only "for the purpose of manipulating and readjusting the taxable valuations of the school districts involved."

The plaintiff charges that "none of the purported transfers in any way related to the educational comfort, health or welfare of any of the children residing in the affected territories."

Both the Marion Local petition and Guthery's petition ask that the court nullify the transfers and for temporary injunctions restraining the Marion County Board of Education from taking further action in the transfers. They also asked that the county auditor be restrained from transferring the territory or from distributing to the Meeker district any taxes now being collected from taxpayers of the territories purportedly transferred.

THE MARION LOCAL petition also asks that the county board be restrained from taking any action to transfer any part of the remainder of the Marion Local territory.

Both petitions also ask the injunctions be made permanent upon final hearing.

THE MARION LOCAL district's petition charges the county board has disregarded a petition to give to Marion City the area purportedly transferred to Meeker. The petition charges that more than 75 per cent of the qualified electors in Marion Local district signed a petition asking for transfer to Marion City.

The plaintiff says that altogether there are 64 students in the Marion Local district. Of these, 59 were attending Marion City schools as of Dec. 31. Two were attending St. Mary Parochial School and three went to Green Camp. None was attending Meeker.

To support its charge that the transfer to Meeker was made only for taxing purposes the Marion Local petition says the area transferred to Meeker was largely uninhabited but because of the property of the Erie Railroad and the Marion Water Co., the area has a tax valuation of $985,570. The Marion Local board lists the total valuation of the district at $1,678,340.

Representing the plaintiffs in these actions is the law firm of Guthery, Harmon, Conkle and Gracely.

him places at the rear of the building where he said he had seen splotches of blood in the snow near the office door on the night of the fire.

Herron said Max told him he did not go out the back door after he was attacked.

Prosecutor Theodore Lutz has told the jury he will prove Sternbaum clubbed his 31-year-old wife, Leah, to death with a wrench because of his love for someone else.

Witnesses today include florists, jewelers and hotel and motel operators.

Yesterday, Leah Sternbaum's sister, Mrs. Allen Shankman of Norwalk told a packed courtroom her father was suspicious of Sternbaum.

She described the first meeting of Sternbaum and his father-in-law, Louis Mandel of Willard, after Mrs. Sternbaum's body was found in the ashes of a fire at Sternbaum's Mansfield supermarket.

"My father pointed to Max as he came in and said 'This was planned. There was a trap set,'" Mrs. Shankman said.

"Max didn't say a word. He sat with his head in his hands. We wouldn't sit in the same room with him," she continued.

While the family was in mourning, she testified, Sternbaum visited Mandel with his 5-year-old twin sons. She said Mandel asked Sternbaum: "Why did you have to call Leah out of her home at such an hour (the night she died)? I would not call a dog out."

Sternbaum's answer, Mrs. Shankman related, was that Leah was in the habit of picking him up by car whenever he had to work late.

Sternbaum told authorities his wife stopped for him the night of Dec. 4, 1952. He said burglars attacked them both and set fire to the building but he escaped.

Jury Panel Seated For Edington Trial

The second trial of Howard Earl Edington, 23, of 358 Milburn Ave., on charges of breaking and entering and attempting to open a safe, got under way this morning with selection of jurors in Common Pleas Court.

First trial, on Jan. 29, ended with jurors being dismissed by Judge Paul D. Smith after they were unable to reach a unanimous verdict as required by law on a criminal charge.

Edington was indicted by the grand jury which charged that he broke into the Stag Bar and Grill at 462 W. Center St. on Dec. 11, 1953, and attempted to open the safe.

Frank W. Phillips is Edington's court-appointed attorney.

Students at Galion Win Poster Contest Awards

GALION — Two Galion students won second place and honorable mention in Group I of the national "Christmas is Christ's Birthday" poster contest. The contest was conducted by the Catechetical Guild of St. Paul, Minn.

Barbara Emerson, daughter of Mr. and Mrs. Marian A. Emerson of Galion will receive a $50 U. S. savings bond as second place winner. Her brother, Daniel, will receive a clothbound set of First Books as the honorable mention prize.

Students of the first eight grades in 12 states took part in the contest.

Citizens Asked To Help Solve Traffic Puzzle

The civic affairs committee of the Chamber of Commerce, meeting yesterday in Hotel Harding, decided to ask the citizens of Marion for suggestions on ways of solving the traffic problem.

Committee chairman John W. Dowler said plans were discussed at the noon luncheon on how to raise the $12,000 necessary to undertake a traffic survey. He pointed out that the survey must precede any attempt to eliminate grade crossings in the city.

Actually $20,000 is necessary for the traffic survey. City council has set aside $6,000 of the amount and the County Commissioners have promised to provide $2,000 if the Chamber of Commerce raises the remaining $12,000 by public subscription.

Dowler said plans are completed for conducting the survey, only the money is wanting. About $1,500 has been raised so far. The civic affairs chairman announced his committee's decision to give the general public an opportunity to contribute to the traffic survey fund.

He said committee members felt the people of Marion would want to give and not have the funds raised by solicitations from certain individuals and business alone. He went on to say that the possibility of placing coin boxes throughout the city was discussed. This would be done after the current national charity campaigns are completed.

The 30-member committee also discussed the possibility of placing before the voters once again a half mill levy to be used for financing a 10-year parks and recreation program.

Big 4

(Continued From Page 1)

Highly placed informants said the Western ministers still were insistent that the conference initially include only the 20 governments most interested in the Korean War—the 16 U.N. members which sent troops there, South Korea, Communist North Korea, Red China and Russia. They insisted such neutrals as India be barred.

Agreement to hold a Korean conference would be the only major accord produced by the foreign ministers in their 25 days of debate. On the major conference issues—reunification of Germany and independence for Austria—the ministers wound up in hopeless deadlock.

Against the background of failure on European problems, Dulles declared the Western Powers will continue to guard Berlin as the first frontier of their freedom and any attack against the city will be treated as an attack against the United States, Britain and France.

Addressing U.S. troops stationed in Berlin, Dulles said the West will persevere in its efforts to unify Germany.

"We still hope to achieve that," he said.

On each side of the grim line dividing Berlin, rival masses of Germans prepared to express their resentment in demonstrations tonight over the deadlock barring reunification in the foreseeable future.

In West Berlin, Molotov gets the blame. In the Communist East, the Western ministers were accused because they insisted free elections must be the base for German unification.

In the Western Book, Germany was the No. 1 conference problem for solution and the long-delayed independence treaty for Austria was No. 2.

With one more general conference session this afternoon, there was a prospect that the ministers then would take steps to make relations between the two parts of Germany a little more agreeable.

Austria, yearning for the independence she lost to Hitler in 1938, also hoped something might be done to lower Molotov's blocks to her independence treaty. A dispatch from Vienna said the government there still thought the Soviets might agree to a definite date for the granting of full independence and the withdrawal of all troops.

Soviets Refuse To Quit Austria

BERLIN (AP)—Austria offered today to extend the occupation rights of the Big Four powers to June 30, 1955 if they grant her independence at once—but Russia refused.

In a dramatic last-minute attempt to liberate his little nation from foreign troops, Austrian Foreign Minister Leopold Figl made two separate proposals. Each time Soviet Foreign Minister V. M. Molotov said no.

The first would have extended the time for occupation troops to withdraw to mid-1955.

The second would have given chiefs of the American, British, French and Soviet diplomatic missions in Vienna control functions for an indefinite period after the independence treaty was signed and military evacuation was carried out.

Huge Drop Hammer Put Into Operation by Eaton

The largest drop hammer of its type in the world goes into operation today at the Eaton Mfg. Co.

S. H. Wood, general manager of the newly-constructed Marion factory, pushed the button today starting the huge mechanism on its downward thrust of 10,000 pounds force.

THE MACHINE is 22 feet four inches high including six feet of it below ground. It weighs 325,600 pounds, and cost $135,000 installed. It rests on a million-pound concrete foundation measuring 18 by 24 by 20 feet.

Five flat cars were required to ship the hammer here.

It will be used to forge automobile ring gears ranging in size up to 18½ inches in diameter and 4¾ inches in thickness.

Wood identifies it as the largest board hammer in the world. For the technically minded Wood said it is a 10,000 pound Type RV, Ferrotaff, Erie board drop hammer, custom made for this plant.

THE GENERAL MANAGER described its operation in this way: A steel block 7½ by 15 inches in dimensions is heated until red-hot in an adjacent furnace, then placed under the hammer and given seven or eight strokes until shaped into the ring gear. Then it is removed, heated once again and finished in a "little" 7,500 pound hammer.

The Marion plant is the forge subsidiary of the Eaton Mfg. Co. The plant located west of Marion on Route 95 is still under construction but began operations late last year.

At present 85 to 100 people are employed. Full operations with 500 employes are expected to begin in about three months.

Shondor Birns Wins Acquittal

Prosecution Witness' 'Memory' Goes Bad

CLEVELAND (AP)—A delicatessen operator's "bad memory" brought an acquittal yesterday for Alex (Shondor) Birns, accused of running a clearing house.

The city's top hoodlum, Birns has been under a deportation order for seven years.

Though confronted by Asst. County Prosecutor John J. Mahon with statements he made before a grand jury, Robert Foy said he "couldn't remember" his alleged connections with Birns.

The prosecutor had presented the witness to testify he was a 'pick-up man" for the clearing house.

Common Pleas Judge Earl R. Hoover, "with great reluctance," granted a defense motion to dismiss the case, and ordered Mahon to recommend a separate perjury count against Foy for each point at odds with grand jury testimony.

Business Women's Club To Hold Tea For New Members

Plans for a tea honoring new members were announced at a business meeting of the Business and Professional Women's Club Wednesday night, and for a potluck dinner meeting in March planned by the finance committee.

Miss Juanita Cogan was hostess in her home at 1051 Mt. Vernon Ave., and Miss Mary Martha Luke presided. Introduced as a new member was Mrs. Adele Cheney. A letter of appreciation to the club was read from Miss Lysolotte Kaufmann, visiting in this country from Germany and a guest at the January business meeting of the club. In this country under auspices of the U. S. Department of Labor, she was in Marion under sponsorship of Altrusa Club. Her letter told of further travels and schedules before she returns to her home at Goslar, Germany.

The occasion in honor of new members, to be held Sunday at 2 p.m. in the social rooms of the Elks Lodge on S. State St., will bring to Marion a guest representative from the Ohio Federation of Business and Professional Women's Clubs. Arrangements are being made by the membership committee headed by Mrs. Pearle Vestal.

Time of the March dinner meeting has been changed to the second Wednesday night because of the first Wednesday coming at the opening of the Lenten season. This meeting will be held at the community rooms of the West Town Branch of National City Bank. Assisting Miss Cogan in serving were Misses LaVern Lash, Helen Hutchins, Elizabeth Haberman, and Elaine Ballinger, and Mrs. Gloria Miley and Mrs. Anne Meredith.

Reckless Driving Hearing Scheduled In Bucyrus Court

BUCYRUS—A reckless driving case in which Kent A. Buchanan of Bucyrus, a former Cleveland attorney, is defendant will be heard in Crawford County Common Pleas Court here Friday morning before Seneca County Judge Ralph Sugrue of Tiffin.

Judge Sugrue was assigned to hear the case after Judge John C. Carrell had disqualified himself because of "friendships involved." The assignment was made by Chief Justice Carl V. Weygandt of the Ohio Supreme Court.

The case originally was scheduled to be heard Feb. 9 before Mayor Frank P. Sitzer. Buchanan then filed an affidavit charging that the mayor was "biased prejudiced and unqualified" to hear the case. The action then was transferred to Common Pleas Court.

Buchanan was arrested by Bucyrus police at 2:05 a.m. on Feb. 5 in the downtown district.

cannot continue to serve in an official position.

Sen. Jenner (R-Ind.) jumped to his feet to demand that "whatever accusations have been made against this fine American statesman" be brought out in the open and that Manion be given an opportunity to "confront his accusers."

Dangerous Age

"It is a dangerous age if a man like Manion can be made to walk the plank because he has fundamental views he believes in," Jenner thundered.

Manion said in a statement yesterday that a Feb. 12 demand by Sherman Adams, chief of the White House staff, for his resignation confirmed columnists' reports that he was to be fired because he had been making speeches in favor of the Bricker amendment.

"The Bricker amendment embodies a principle that I have openly supported for years," Manion declared. "My devotion to this principle was well known at the time of my appointment as chairman of the commission."

Seeking More Time

The commission, made up of eight public members and four governors appointed by Eisenhower, five senators and five representatives, recently has been seeking more time to study relations among federal, state and local governments. It was to have reported this spring.

There has been criticism of the group's failure to get ahead faster and Sen. Hendrickson (R-NJ), a member, said he was frankly disappointed at the lack of progress.

"It is unfortunate that Dean Manion's resignation came at this time," Hendrickson said. "I am afraid the whole situation will be misinterpreted. I can't believe he was fired because he made speeches for the Bricker amendment."

Letters of Protest

Sen. Carlson (R-Kan), who shares the White House opposition to the Bricker proposal said he had been receiving "many letters of protest" since Manion made a speech for the amendment in Wichita, Kan., about a week ago.

Sen. Aiken (R-Vt), another administration supporter, suggested that perhaps Manion was fired "because he was too conservative to be of value to this administration."

Manion has been under fire from Democrats since he said last Oct. 19 that he thought the Tennessee Valley Authority should be sold to private industry.

The President reiterated to newsmen yesterday that his administration is not going to destroy TVA.

FRANKLIN FORTUNE

BOSTON (UP) — A trust fund established under the will of Ben Franklin, who died in 1790, now totals $1,137,186. In 1991 the fund will be divided equally between the city of Boston, where Franklin was born, and the Commonwealth of Massachusetts. The original amount was $5,000.

State Meeting Of CAR Unit Set for Galion

GALION—The state conference of the Children of the American Revolution will be held in Galion this year, March 27, at the First Methodist Church, with the Bee Hunters Society, C. A. R. and Olentangy Chapter, Daughters of the American Revolution of Galion, joint as host for the conference.

The junior state president, Carlotta Cunningham of Galion and the senior state president of the C. A. R., Ramona Kaiser of Cincinnati, will be in charge of the conference sessions.

Announcement of the conference was made Wednesday afternoon at the February meeting of Olentangy Chapter, D. A. R., at Hotel Talbott. At this meeting the chapter elected delegates and alternates to national and state meetings of the Daughters of American Revolution. Mrs. R. C. Bratten was chosen as delegate, and Mrs. C. K. Cunningham, alternate to the Continental Congress which is slated for the week of April 19 in Washington, D. C.

Mrs. Robert Lutz, regent of Olentangy Chapter is delegate to the state conference at Canton March 15, 16 and 17, and Mrs. Robert Moulton, vice regent, will be the alternate. Other delegates elected to the state conference are Mrs. J. H. Ulmer, Mrs. Bratten and Mrs. Thomas Maderis, and the alternates elected are Mrs. Fred Tullis, Mrs. L. A. Cline and Mrs. Fred Hessenauer.

A one o'clock luncheon at the hotel for 22 members preceded the business and program of the chapter, and Mrs. Gerald Bosler and Mrs. R. C. Bratten were hostesses.

Mrs. W. E. Hubbard gave a review of the book, "Natchez on the Mississippi," by Harnett T. Kane.

Risks

(Continued From Page 1)

said, meanwhile, the administration's promise of a limited analysis of the security risks will not stop his demands for a Senate investigation of the whole issue.

Johnston told reporters the promised analysis "could mean anything—it only confuses the confusion." He said that as he understands the plan the analysis will leave many questions unanswered and there is no assurance the administration will make it public.

Announcement that the Civil Service Commission had ordered an analysis of the 2,200 cases was made late yesterday by Chairman Philip Young.

Young said it would be "futile and meaningless" to attempt an analysis assigning a specific reason for separation in each case. He said it would be the rare case in which only one reason was involved.

Wants Breakdown

He said he had requested from employing agencies the number separated whose personnel files contained information indicating (1) subversive activities or associations; (2) sex perversion; (3) conviction on felony or misdemeanor charges, and (4) any other type of information falling within the government security regulations.

Young said some of the separations were by dismissal, some by resignation, and that not all who quit were under their files contained derogatory material. Young's statement did not say whether the report would be made public.

President Eisenhower has said he was looking into the feasibility of making public a breakdown to indicate how many cases of disloyalty were found.

Many Democrats have complained the public has been misled by statements of some leading Republicans that most of the announced 2,200 "security firings" involved disloyal or subversive employes. Actually, they say, most of the 2,200 were homosexuals, drunkards, incompetents, or persons who talked too much.

President To Let Record Speak

Ike, GOP Differ on Election Objectives

By JAY G HAYDEN

WASHINGTON (NANA) — President Eisenhower's clash with his party's Lincoln birthday bombasters arose mainly from a difference of objective.

Believing that his administration will stand or fall in its first nation wide election test next November on an issue by issue performance between now and then the President is anxious to get his Republican associates back to their official knitting

With an eye to the practical fact that the Congress is so closely divided as to preclude passage of any of his measures without Democratic help the President feels that no good can arise from blanket characterization of members of that party as 'traitors and political sadists."

Among Republican congressmen up for re election less than nine months from now the slant is different Each of these will be running against a Democrat and frequently the same Democrat with whom they parried epithets in past campaign

EXPECIALLY IN the Midwest most Republican candidates think that their best tactic still is to try to identify their opponents with what they regard as misdeeds and blunders of the former Truman and Roosevelt administrations

Thus Sen William E Jenner (R Ind) speaking at Jeffersonville a Democratic stronghold on his state's southerly border cited the Korean war as President Truman's supreme miscue

They (the Democratic national administration) had been guilty of many evil deeds and escaped unharmed Jenner said But in the year 1950 they ordered American youth to engage in a war half way round the earth in territory the Far Dealers had carefully stripped beforehand of every American soldier and virtually every American gun They put every possible handicap on our fighting men They deprived them of air support and a naval blockade They removed their commander in mid campaign etc

NO DOUBT the Jenner indictment is grossly overdrawn Some of it clearly is just plain bunkum But also it is true that Jenner focused his campaign on this same Korean issue in running for re election in 1952 with the effect of beating the state's best Democratic vote getter the then Gov Henry F Schricker by a more than 100 000 majority

Mr Eisenhower himself contributed considerable to the notion that there are votes in 'them there Korean hills'

He scarcely had opened his presidential campaign when on Sept 22 1952 he denounced Secretary of State Dean Acheson for his Jan 1950 statement that 'America's so - called defensive perimeter excluded areas of the Asiatic mainland such as Korea

That declaration together with withdrawal of American troops from the Korean Peninsula Eisenhower indicated were an open invitation to the Communist attack launched less than six months after Acheson spoke

IN A SPEECH at Louisville Sept 27 Adlai Stevenson said Eisenhower had not lived up to a promise to tell the truth about Korea He accused the Republican presidential nominee of making Korea a 'vote - getting issue marked by 'ugly, twisted, demagogic distortion

Eisenhower was not diverted The supreme block buster of his campaign was an announcement on Oct 24 less than two weeks before election of intention to go to Korea immediately if we won in quest of an early and honorable end of the war

Even as he was cautioning his fellow Republicans to pipe down their attacks on Democrats, last week the President indicated that he may not be impervious to Korea as an issue in this year's election He announced that he was setting up a bipartisan committee of state governors to visit Korea in order to size up the situation there firsthand Conspicuous among acceptors of this invitation were Govs Allan Shivers of Texas, Johnston D Murray of Oklahoma and Robert F Kennon of Louisiana all Democrats who displayed a marked leaning toward Eisenhower in the 1952 campaign

AS ALWAYS in presidential mid term elections the battle this year will be fought selectively In each state and even in each congressional district the candidates will frame the issues to suit themselves

Along the eastern seaboard Eisenhower's admonition against too much partisan intemperance will be hailed with approval In that area even Republican candidates may heed it But out West where the extremes of partisanship nominees are likely to pursue their accustomed way with little or no regard for presidential advice

Meanwhile the administration's legislative measures will be coming to a vote and Eisenhower may have made it a little easier for Democrats who liked him beforehand to line up in support of his recommendations

Goodrich Sets Sales Record

Earnings for 1952 Climb to 32 Million

An increase of 8.1 per cent in the sales of the B. F. Goodrich Co. from 1952 was shown in the company's report to stockholders for the year 1953. John L. Collyer, chairman and president, reported Net sales reached an all-time high amounting to $674,613,276 compared with $624,102,207 in 1952. The company operates a high pressure hose factory at Green Camp.

After providing for all costs, including taxes and depreciation, and after a reserve of $2,000,000 for increased replacement cost of facilities, net income amounted to $34,226,745, or $8.16 a share on the 4,194,256 shares of common stock outstanding at year end.

The corresponding net income for 1952, after a reserve of $2,000,000 for increased replacement cost of facilities, was $32,364,008, which, after deducting dividends paid on the preferred shares then outstanding, amounted to $7.60 a share on the 4,164,792 shares of common stock outstanding on Dec. 31, 1952.

Federal, foreign income, and excess profits taxes and liability for re-negotiation for the year 1953 were $53,863,000 as compared with $57,083,000 in 1952. Total taxes in 1953 amounted to approximately $93,480,000, equivalent to $22.29 a share of common stock, as compared with $91,416,000 in 1952.

Dividends totaling $2.75 a share on common stock were paid in 1953, which compared with $2.65 a share paid in 1952.

Mrs. Berridge, Marion Residents' Sister, Dies

Mrs. Naomi Walker Berridge, sister of Marion residents, died at 11 p.m. yesterday in her home at Hamilton. She had been ill several weeks. Born in Marion, she was the daughter of Mr. and Mrs. Reason Walker.

She was the wife of Arlie Berridge who survives with a daughter, Mrs. Roger Martin, and a son, Richard Berridge, both of Hamilton. Two sisters, Mrs. O. J. McDonald of the Kilbury Rd. and Mrs. H. H. Berringer of 467 S. Prospect St. and two brothers, Harry Walker of Fort Lauderdale, Fla., and Nelson Walker of the S. Prospect St. address, also survive. The family moved to Hamilton a number of years ago.

Funeral services will be conducted at 2 p.m. Saturday in the Lutheran Church at Hamilton, and burial made in that city.

PROSPECT SERMON THEME

"Grace Sufficient" will be the sermon theme on Sunday morning at St. Paul Lutheran Church at Prospect. On Monday night, Church Council meeting will be held. Plans are being made for a service of communion on the following Sunday.

LEGAL NOTICE TO BIDDERS

Sealed proposals will be received by the Board of Hospital Commissioners at the office of E. L. Mitchell, Secretary, Citizens Building in Marion, Ohio until 12 o'clock noon, Eastern Standard Time, of Monday, the 8th day of March, 1954, for Equipment for the Marion General Hospital namely: Bedroom furniture, accounting machine and operating table.

Each bid must be enclosed in a sealed envelope, endorsed with the name of the bidder and the class of equipment covered by the bid.

Bids will be publicly opened and read aloud at 12:30 o'clock, P. M., E.S.T., of the 8th day of March, 1954, at the City Building in Marion, Ohio.

Copies of the specifications and other proposed contract documents are on file and open to public inspection at the Secretary's office, Citizens Building in Marion, Ohio.

One set of contract documents may be obtained without charge by each prospective bidder from E. L. Mitchell, Secretary.

Each bid shall be accompanied with a bond, executed by a surety company, conditioned that if the contract be awarded on the bid tendered, then such bond shall secure any difference between the amount of such bid and the next higher bid, as required by Section 749.12 of the Revised Code of the State of Ohio, in case of the failure or refusal by the bidder to enter into a contract according to his bid, within such reasonable time as the Board may determine. The performance of each contract shall be secured by a surety company contract bond, approved by the Owner in an amount equal to 100% of the contract price.

No bidder may withdraw his bid for a period of 30 days after the opening thereof.

The right is reserved by the Board of Hospital Commissioners to reject any or all bids and to waive informalities.

Dayton Man Held In Shooting Case

DAYTON, Ohio (AP) — A Dayton man who police say tried to avenge the death of his son has been booked on a charge of shooting with intent to kill.

The man, Dempsey King Carter, 49, was arrested yesterday. Police say he fired two bullets into a car in which Lloyd Gillion, 35, and another man were sitting. He did not hit either.

Last Monday Common Pleas Court dismissed a first degree manslaughter charge against Gillion in the death of Carter's 20-year-old son, Dempsey Jr.

Sgt. R. L. Burger said the youth was ejected from a tavern last Aug. 16 after making a pass at a girl. He said he returned with a knife and went behind the bar. Gillion, the bartender, hit him and shoved him out the door, Burger said.

Carter died from a fall or blow, police said at the time, and Gillion was charged with manslaughter. Judge Charles Lee Mills ruled Gillion acted in self defense.

Inquiry Court Hears Officer's Record Lauded

WASHINGTON (AP) — A Marine court had before it today descriptions of Col. Frank H. Schwable as a brave and brilliant officer and as a man reduced by Communist nerve torment to signing a false germ warfare confession so he could live to repudiate it.

The court, not trying Schwable but inquiring into his case to recommend what should be done, called more witnesses today after hearing Maj. Gen. Clayton C. Jerome. The general, commanding officer of the 45-year-old Marine flier before Schwable one of the most brilliant and conscientious officers he had ever known.

The description of the colonel as he was when he signed the Communist propaganda document was in Schwable's own words. It was contained in a letter, admitted over his counsel's objection.

In it, the former prisoner wrote that relentless Communist demands to "confess, confess, confess," coupled with exposure to cold and constant threats that he would never leave confinement alive unless he complied, were like "slow dripping of water working on the nerves."

In time, he wrote, he was reduced to the state of "an animal wallowing around in dirt and filth." He decided, he continued, he could help expose "one of the greatest hoaxes any nation has ever attempted to foist on the world," the purported proof United States forces were waging germ war.

And the colonel wrote he would "make the same decision under identical circumstances."

The Army today announced the award of decorations to six former captives who resisted Communist indoctrination despite brutal treatment last month, the Marine Corps similarly decorated five Marines.

NEED FOR AUDITORS CITED

The United States Civil Service Commission has announced a critical need by the Army Audit Agency for auditors to carry out its responsibility for internal and contract audits in the Department of the Army. Applications may be secured from O. W. Wetzel at the Marion Postoffice.

The United States has more than three-fourths of the world's passenger cars and almost half of its trucks and buses.

Max Hirsch, Husband Of Ex-Marionite, Dies

Max Hirsch, 80, of Columbus, husband of a former Marion woman, Mrs. Lola Millisor Hirsch, and brother-in-law of Mrs. Jacob Artopoeus of Barnhart St. in Marion, died Tuesday in University Hospital following an illness of a month. He was a retired linotype operator for the Columbus Dispatch for which he worked 32 years, retiring three years ago. His wife and Mrs. Artopoeus are sisters.

A member and past officer of Masonic bodies in Columbus and Worthington, he was a member of the Quarter Century Club of the Wolfe Industries, a member of Typographical Union 5, and a member of Indianola Methodist Church.

Surviving are his widow, and two children, Charles Hirsch and Miss Dorothy Hirsch, and a sister and three brothers, Mrs. Freda Jones and Edward and Gustav Hirsch all of Columbus, and Rudolph Hirsch of Kansas City, Mo.

How To Lose 29 Lbs.

Mrs. Charles Miller, 619 Dennison Ave., Columbus 8, Ohio writes: "The most stubborn cases should benefit from using Rennel because I had tried everything in an effort to lose weight to no avail. I just could not lose a pound until I tried Rennel Concentrate. I have gone from 198 lbs. to 169 lbs., have no more bloating and feel fine. I now can eat everything without any fear of adding unwanted pounds. My advice to anyone who sincerely wants to lose weight is to give Rennel a fair trial."

Poeta, Delmonte Score Hat Tricks in Baron Victory

Marion Downs Milwaukee 9-4; Win Protects Margin

A three-goal burst by Tony Poeta in the second period and an additional hat trick by Dutch Delmonte paved the way for a 9-4 win by the Marion Barons last night at Milwaukee.

In addition to the hat tricks, Murray Wilkie scored a pair of goals and Gordon Vejprava batted in the other. Once the Barons' attack began clicking the Milwaukee Chiefs' defense collapsed and the winners turned the game into a rout.

Chiefs Take Lead

Milwaukee took the lead in the first frame when Dick Albert scored in the first five minutes. The Barons wasted no time in getting the goal back. Delmonte scored his first at 9:17 on passes from Hal Jones and Ken Schultz. The Barons took their first lead after 18:52 when Vejprava scored on a pass from Delmonte.

The Chiefs came back strong early in the second period to wrest the lead from the winners. Hill scored at 6:11 to knot the score and Landry, on a pass from Hill, made it 3-2 after 9:14 had passed. Then Poeta started his scoring assault. His first came at the 10:09 mark on passes from Schultz and Steve Brklacich and the second was batted in a minute later with assists going to Hal Jones and Brklacich.

Before the period ended, Poeta punched in another goal as did Wilkie and Delmonte. The Period ended with the Barons on top 7-3.

The Chiefs scored first again in the final frame as they made a fruitless attempt to get their attack started again. Roger Hayfield scored their last goal on passes from Landry and Hill. Wilkie scored his other goal after 8:14 on a Brklacich to Delmonte relay and Delmonte completed his hat trick bid at 12:15 on passes from Wimpy Jones and Vejprava.

Marion's Lou Crowdis ended the game with 19 saves while Claude Roy kicked out 13 Marion shots. During the second period when the Chiefs' defense collapsed, Roy was credited with only two saves.

Toledo Wins

In other International Hockey League action last night, Toledo's Mercurys whipped Grand Rapids 2-1 to move two points ahead of Johnstown for third place in the standings. The Mercs hold 63 points to 61 for the Jets. The Barons, entrenched in second place, have a 66-point total while league-leading Cincinnati holds 82.

The Barons next action will be Sunday afternoon at the Coliseum when they play host to the homeless Louisville Shooting Stars. Following that game, Johnstown will be here next Wednesday for an important game in the battle for the runner-up spot.

Golfers Shoot For $12,500 in Texas Tourney

SAN ANTONIO, Tex. (AP)—Sub-par rounds were a dime a dozen today as a mighty field moved out in the first 18 holes of the $12,500 Texas Open.

A couple of old-timers along the tournament trail—Jimmie Demaret of Kiamesha Lake, N. Y., and Chandler Harper of Chattanooga—paced the field.

Demaret and Harper each showed Brackenridge Park's regulation figures to be something of a joke yesterday as they fired nine-under-par 62's in the final tuneup rounds. Theirs were just a couple of blistering scores turned in over the 6,400-yard rolling layout with greens so good all the professionals were enthusiastic. If things continue like they are, a new 72-hole record for this ancient tournament will be set.

That would tie or beat the all-time record for golf if it came to pass because the Texas Open mark is 260, set two years ago by Jack Burke, and the record is 259.

The "shadow boxing" as the pros call it—shooting low scores in practice round—did nothing to establish an outstanding favorite in this tournament from which some of the top names of golf are missing but which still has a strong field.

Top golfers not playing here include Ben Hogan, Sam Snead, Lloyd Mangrum, and Cary Middlecoff.

Indians Sign Three

CLEVELAND (AP)—The Cleveland Indians said today they have signed outfielder Dave Pope, catcher Hal Naragon and pitcher Bob Chakales to 1954 contracts.

The Tribe now has come to terms with 28 of 42 players on its roster.

Richie Ashburn Signs; St. Louis Adds 5 to List

NEW YORK (AP) — The Philadelphia Phillies, who are having lots of trouble lining up their players for 1954, were feeling a lot better today after having come to terms with star outfielder Richie Ashburn.

Ashburn was forced to take a cut last season, but a club spokesman said yesterday the fleet flychaser got back that amount plus an increase for his .330 batting performance in 1953.

The St. Louis Cardinals signed five players. Those who put their names on the line were Steve Bilko, Lou Ortiz, Eddie Phillips, Joe Frazier and Ellis Deal.

Others who signed were Billy Goodman of the Boston Red Sox, Bob Cerv, Charley Silvera and Al Cicotte of the New York Yankees, Jim Delsing of Detroit and Rocco Ippolito of Baltimore.

Slade Gains Upset Win Against Clarence Henry

WASHINGTON (AP)—Jimmy Slade 27-year-old comeback kid, has bounced right into the middle of the light-heavyweight championship picture.

"I out-maneuvered him," Slade said after scoring a surprising 10-round decision over Clarence Henry of Los Angeles in a nationally televised bout last night. Slade, of Norfolk, Va., weighed 178½, Henry 186

Jimmy's speed had Henry baffled through half the fight and then he added to Henry's confusion by rallying with telling blows every time it appeared he had been hurt himself.

"He only hurt me once, in the ninth," Slade said.

Elevator Sinks Industries On Last-Minute Field Goal

With three seconds remaining and the score knotted at 46-46, Bob Weston of Green Camp Elevator potted a long one-hand push shot from 10 feet outside the foul circle to give the Elevator a thrilling 48-46 victory over Marion Industries and practically assure it of its fourth straight YMCA Independent League championship.

Weston's shot was the climax of an expected close battle between the top team in the Industrial League, Marion Industries, and Green Camp. After dropping the opening two games of the season the Industries came back with one of the strongest teams in the combined loop and could have dropped undefeated Elevator out of first place position in the Open League. It led 16-11 at the finish of the first quarter and 28-24 at half time. Green Camp closed up the gap to within one point in the third quarter and then after the two teams had traded basket for basket in the waning minutes, broke the deadlock with Weston's desperation heave.

Jim Ruth of Green Camp had tied up the game with a free throw with 20 seconds remaining. Weston with 16 points emerged as the top point getter of the evening while Ron Craycraft and Ruth followed with 11 and 10. Dick Griffith was high for the Industries with 13 and Mulvaine and Cheney aided with eight points each. The Elevator can clinch the crown next week with a victory over the Waldo Merchants.

In other games played, the Marion AC walloped the UAW-CIO 72-51 with a final half scoring splurge which blew the game wide open. After a close first period the AC's checked the losers with a tight defense while adding 18 points each and an easy win. Bud England led the AC's with 21 points while Bob Ritchie had 14 for the UAW.

After holding a fat 48-34 lead at the finish of three quarters, Bird-McGinnis stalled out the final period to nip McMillen Feed 57-53. McMillen pitched in a total of 19 points in the last eight minutes while the Legion crew added 10 and played control ball long enough to stave off a last-minute rally by the losers. Jim Lawler paced Bird-McGinnis with a total of 20 points while Dick Jones with 17 was high for the losers.

Lou Juillerat Resigns Baldwin Wallace Post

CLEVELAND (AP)—Head Football Coach Lou Juillerat will leave Baldwin Wallace College at the end of the spring semester.

The school's president, Dr. John L. Knight, announced the coach's resignation, effective June 31. Juillerat, coach for three years, said it was for "personal reasons."

He was reportedly seeking a longer term contract than the one-year pact the school athletic board was believed to have offered.

A native of Georgia, Juillerat, 39, played high school football in Akron and gained All-Ohio football honors at Muskingum.

Harding Student Body Keeps New Gymnasium Floor Busy

There are 50 basketball teams at Harding High School in hot competition for the school's intramural championship.

The new gymnasium resounds nightly with as many as six cage clashes designed to build sportsmanship, character and better cage teams in Harding's future.

Upwards of 370 boys and girls, formed into 50 teams in six leagues, are at the halfway point in league play. After the regular league season ends the last of this month, tournaments will be held to crown league tournament champions. And crowning the whole intramural program will be a tourney pitting the league champions against each other with the winner being declared school intramural basketball champions.

JOHN LUGINBUHL is supervising the boy's intramurals and Mrs. Elizabeth Topliff the girl's. Both have arranged the tourneys and scheduling so even the poorest teams have opportunity to play several games.

Mr. Luginbuhl explained that this is the first year Harding has been able to undertake such an ambitious intramural program. The increased facilities of the new high school have made it possible, he said.

Boys intramural basketball is set up in three leagues, 12 in the sophomore, eight in the junior and six in the senior. In regular league play each team plays every other team in the league once. Thus, each sophomore team will play 11 games.

"The boys are playing a total of 109 regular league games, six a night, two nights a week," Luginbuhl declared. "All officiating, scoring and timing is being done by students. The games are theirs. The school has made it possible for each team to buy uniform T-shirts, and we are going to award suitable shoulder patches to both league champions and tournament winners."

The boys are playing five-minute quarters and the results and league standings posted on a bulletin board in the hall.

Luginbuhl has arranged a double elimination tournament to begin March 1. Under this system a team would keep going until it had lost two games, and continue to play the boys of their own grade level until the final tournament to crown a school champion.

THE GIRL'S INTRAMURAL basketball under Mrs. Topliff has been set up more simply under the supervision of the Girl's Athletic Association.

There are also three leagues, eight in each grade level. Instead of regular league play, each league is staging a single elimination tournament, with the winners vieing for a girl's school championship. Under this system, some teams will play only one game, but Mrs. Topliff declared her intention to go back and pick up the losers in a consolation tournament.

Altogether 40 per cent of the boys and 20 per cent of the girls at Harding are participating in the intramural basketball. Both Mrs. Topliff and Mr. Luginbuhl declared the interest was high, very few forfeitures occurring.

Boy's games are held Monday and Thursday nights at seven o'clock and girl's on Wednesday nights at the same time.

Viola Hushey was selected as the "most athletic girl" at Tennessee Wesleyan College.

Consolation Tilts Slated Tonight for Tournament

Two consolation games are on tap in the Marion County basketball tournament tonight at the Coliseum with Waldo meeting LaRue at 7 30 and Morral playing Caledonia at 8:45.

Winners in tonight's games will meet for the consolation championship at 7:30 p.m. Saturday. Claridon and Prospect, which meet in the championship finals at 8:45 p m. Saturday, will advance to district play with the consolation winner.

By comparative scores, the Waldo-LaRue game appears to be a toss-up. Prospect dumped Waldo, 57-48, in the tourney's first round and the Bulldogs trimmed LaRue, 64-57, Tuesday.

Waldo's tournament victories have come over Pleasant, 41-33, and Martel, 49-32 while LaRue topped New Bloomington, 60-43, then drew a bye.

Keith Augenstein and Don Yake, both of whom have averaged around 10 points per game in the tourney, pace the Waldo attack. LaRue is powered by Gene Cooper, who scored 16 against Prospect, Ray Hosey and Bob Hughes.

Claridon pinned tournament losses on both teams in tonight's second game, Caledonia and Morral The Donians lost to Claridon, 49-42, and the Wildcats fell, 49-48, in Tuesday's semi-finals.

With Gene Rice, Joe Green and Erv Hunt sharing the scoring, Caledonia has moved past Meeker, 42-38, and Green Camp, 52-36, in tourney play. Morral, with Junior Bell and John Crayeraft pacing the offense, has beaten Pleasant, 53-47, and Martel, 76-25.

LSU Star Ignored After Selvy Spurt

NEW YORK (AP)—Bob Pettit of Louisiana State would have been the talk of college basketball this season if Frank Selvy had been out of the picture.

Furman's Selvy, of course, is the leading scorer in major college competition with a 42-point per game average and with almost every important record in his possession.

But Pettit, according to the latest NCAB figures is second with a 33.1 average.

Bob's average is higher than anyone ever has posted except for Selvy this season He is well ahead of the record of 29 5 points per game established by the Furman ace last year. Pettit also has a career average of 27.4 points per game and three 50-points plus performances, the only other player besides Selvy to score that many more than once

Selvy the senior from Corbin, Ky., has a career mark of 31 7 and has been over the 50 mark a half dozen times this season alone, hitting a peak of 100 Saturday against Newberry.

Sulphur Springs Makes Tournament Appearance

BUCYRUS — Sulphur Springs, which finished in the No. 2 spot in the Crawford County Rural Schools' Basketball league, makes its first appearance in the county Class B. tournament here tonight, meeting Leesville.

The Sulphur-Leesville contest will be preceded by a consolation bracket game between Lykens and Holmes-Liberty. The final game, also a championship flight tilt, brings together New Washington and North Robinson.

Sulphur Springs, with a 16-5 record, is favored over Leesville (9-13) while New Washington (14-7) is given the edge over Robinson (5-13). Robinson whipped Tiro, 73-54, in the tourney's opening game Tuesday night.

There are 127 breeding farms raising thoroughbred horses in New Jersey.

Jenkins Takes Second Figure Skating Crown

OSLO, Norway (AP) — American domination of men's figure skating ruled for 50 years by European skaters, appears safe as long as Hayes Alan Jenkins of Akron, Ohio, is available for Uncle Sam's team.

Jenkins, continuing a string of American successes started by the incomparable Dick Button in 1948, won the world figure skating championship yesterday for the second straight time. Carrying on despite a fall on the snow-covered ice, Jenkins won with a brilliant display in the free skating competition.

His second triumph, coupled with the five straight world titles won by Button, give the United States a seven-year sweep in the sports Before Button broke the ice, European experts had dominated the competition since its inception in 1896.

Jenkins, 19, is only a junior at Colorado College and should be able to go for this third straight next year. Even if he doesn't, the United States has the next best skater in Jimmie Grogan of Colorado Springs, Colo., runner-up again this year to Jenkins.

Poor Grogan! He trailed Button for five years and then, when Button retired, along came Jenkins to keep him from the title.

The American contingent really dominated the skating yesterday as Tenley Albright of Boston took the lead in the women's division after six of the eight compulsory figures had been completed. The final two school figures were scheduled today and the free skating tomorrow.

Davey, Aragon Clash Tonight

LOS ANGELES (AP)—Ex-collegian Chuck Davey, the idol of the nation's television fans until welterweight champion Kid Gavilan knocked him out of the picture, goes on without benefit of the TV cameras tonight against Los Angeles' Art Aragon.

They meet at 10 rounds or less, and with all reserve seats sold out, Promoter Cal Eaton confidently predicted a turnaway crowd of more than 10,000 and gate receipts of around $60,000.

Davey, the 27-year-old degree holder from Michigan State College, is the man Aragon has been dying to meet ever since the self-styled golden boy saw Gavilan work Chuck over.

Penn Relays Invite Top Distance Men

PHILADELPHIA (AP)—The pick of the world's distance runners has been invited to run in the Ben Franklin mile event at the 60th annual Penn Relay carnival April 23-24.

Penn Athletic Director Jerry Ford was dreaming of the first four-minute mile in history being run over the Franklin Field cinders when he announced yesterday the potential field for the event.

It would include Roger Bannister of England, 1952 winner of the event; Joey Barthel, Olympic 1,500 meter champion from Luxembourg; John Landy of Australia; Wes Santee, Kansas U.; Len Truex, last year's winner and former Ohio State runner; Fred Wilt, the FBI miler, and Mal Whitfield, Olympic 800-meter champ who will be making his debut as a miler in the Ben Franklin feature.

Whitfield has already accepted and Truex, Santee, Wilt, and Barthel have indicated they will compete.

HEADS MORROW GROUP

MT. GILEAD — Robert Lawyer of Mt. Gilead succeeds D. B. Holland, of near Cardington as president of the Morrow County Beef Breeders Association. Vernon Hetrick, of Mt. Gilead and William Hershner, will serve as vice-president, and secretary-treasurer. Directors are Kenneth Grooms, Kenneth Barber, Ed Shumaker, M. R Heidlebaugh, Vernon Hetrick and Donald Ruhl.

SHORT SPORTS

By John Short

Ohio Wesleyan University will reach another milestone in its athletic history Saturday. The new $219,000 OWU swimming pool will be dedicated then during mid-winter homecoming ceremonies.

SHORT

Construction of the Pfeiffer Memorial Natatorium got underway last spring and work was completed during the Christmas vacation. The dedication, however, was delayed. It is located at the south edge of Edwards Gym, center of OWU's athletic facilities.

The pool is 75 feet long and 42 feet wide and in addition the natatorium houses offices of two student publications, the department of publicity and journalism, and darkroom facilities.

The pool, one of the most modern in the state, seats 350 during swimming meets Storage space is available under the permanent concrete bleachers and an underwater window has been installed to allow taking of photographs.

—:—

NAME CHANGE. The bleachers nestled in the rightfield corner at the Cincinnati Redleg's Crosley Field are no more. They have been officially named the "Sun Deck."

During afternoon games this year, the club will cater to sunbathers who also enjoy baseball Every effort is being made to induce the Cincinnati loyal to soak up more of "Ol Sol."

The fans will be permitted to watch the games in any attire but officials of the club have already warned the Redlegs will not be responsible for any court charges arising from the sun bathing practice.

The season will be concluded with a prize going to the costume judged to be the most original in the Sun Deck during the campaign.

Wyandot Tilts Slated Tonight

UPPER SANDUSKY — Further action in the Wyandot County basketball Tournament is due tonight at Sycamore and Wharton following opening round action Tuesday night

Wharton meets Marseilles and McCutchenville opposes Nevada in games tonight at Sycamore while Sycamore's undefeated Wildcats will take on Salem at Wharton.

McCutchenville dropped Wharton 60-53 and Nevada downed Marseilles 61-53 at Sycamore Tuesday while Salem edged Harpster 75-72 at Wharton.

Salem overcame a slow start to defeat Harpster. The losers bounded into a 19-12 bulge in the first period but by halftime Salem had drawn near at 33-32 and gone ahead 51-49 at the three-quarter mark.

Jim Reile led the Salem attack with 28 points while Earl Weaver added 16. Conrad Walcutt was high for the losers with 25 points while Craig Swihart added 20 and Dwight Shumate hit for 16.

McCutchenville jumped ahead 20-11 in the opening quarter and went on to trim Wharton. The county league runners-up led only 28-26 at halftime after a Wharton rally but clinched the win in the third period when they rolled ahead 46-35.

Robert Bland led the winners attack with 20 points while David Rank hit for 13 and Clyde Burks added 10. Karl Rinehart led the Wharton scoring with 17 points and Jim Spencer added 10.

Nevada started out fast, then held on for its win over Marseilles. The winners rolled into a 33-17 bulge at halftime but Marseilles trimmed that lead to 47-36 at the three-quarter mark and cut the margin to the final margin in the last stanza

Jim Steinhilber and John Suter each dropped in 18 points for the winners and Jim Stiger hit for 10. Sherman McKinniss totaled 24 for the losers and Eugene Parsell added 10.

Hawaiian Choken Maekawa, sophomore member of the Michigan State varsity boxing team, won his first two bouts by technical knockouts in the first round.

Iberia, Sparta, Johnsville in Opening Wins

Iberia, Sparta and Johnsville advanced in opening round play of the Morrow County basketball tournament on the Coliseum floor last night

Iberia downed Edison 61 - 46. Johnsville tripped Cardington 56-46 and Sparta tamed Marengo 50-36.

Tourney action shifts to Mt. Gilead Friday and then comes back to the Coliseum Monday night Edison is slated to go against Cardington at Mt. Gilead Friday. The contest will be preceded by a pair of tourney reserve tilts. Iberia versus Edison and Marengo against Johnsville.

Monday on the Coliseum floor. Iberia will battle Chesterville while Johnsville will oppose Sparta A preliminary game at 6:30 p m will pit Cardington against Sparta in a tournament reserve tilt

Iberia, dark horse of the tournament, pulled away in the second half for its victory over Edison. Leading only 33-29 at intermission, Iberia spurted to a 47-36 edge at the three-quarter mark and increased its bulge during the final quarter.

Walt Chambers was the big gun for Iberia with 16 points, Howard Miller and Don Robinson each added 13 while Eddie Stall chipped in with 12. Floyd Hawk had 16 for Edison and Dick Weston dropped in 13.

Each squad had 31 free throws, but Edison only connected on 12 while Iberia was popping in 21

Johnsville held Cardington to but five free throws in the opening period while building a 15-5 bulge and went on to post the win

Cardington fought back to narrow the count to 25-18 at halftime but Johnsville rallied for a 40-30 lead at the three - quarter mark. Alden Walker found the range for the winners in the final period, pumping in five field goals and a pair of free throws to offset what chances Cardington had of overtaking the winners.

Johnsville hit on 16 of its 31 free throw attempts while Cardington made 16 of 26 from the charity line.

Walker paced the Johnsville attack with 21 points while Glenn Myers added 15. Dean Curl with 12 was tops for Cardington while Tom Conaway added nine, Ralph King eight and Jon Sellars seven.

Sparta piled up a 14-5 advantage in the opening period and then went on to pull away in the final period for its triumph over Marengo.

Marengo trimmed Sparta's bulge to 23-16 at halftime but Sparta maintained the lead after three quarters of action, 35-28, and then outscored the losers 15-8 in the last stanza to ice the game.

Sparta was playing without the services of Charles Givens, ace 6-4 center. Larry Hulse with 15 points and Bob Casto with 14 were the big guns for Sparta. Carroll Sears added 12 Jim Price shoved in nine points for the losers while Emmett Price and Joe Flannery each added eight.

Dukes Reach Hardest Part Of Schedule

By RIP WATSON

NEW YORK (AP)—The easy sledding is over for Duquesne's talented basketball team in the Dukes' bid to go through the season undefeated

Untested in collegiate play in two weeks, Duquesne romped to its 21st successive victory last night by walloping little Geneva 93-59. It was no challenge for the No. 1 team in the latest Associated Press poll as the regulars all hit in double figures

Now, however, the Dukes go up against the meaty party of their schedule, starting next Monday against Bowling Green Then in order will follow Cincinnati, Dayton, St Bonaventure, Villanova and the National Invitation Tournament. If the Dukes can do it, they'll be the first team since Army in 1944 to go through without a loss.

Kentucky, the nation's only other undefeated team, also has a good chance to go through without a loss if they beat De Paul in the Chicago Stadium Saturday night Kentucky, ranked second with 19 straight, has a routine date with Tennessee tonight and also must face Vanderbilt, Auburn and Alabama. If the Wildcats and Louisiana State tie for the Southeastern Conference title, as expected, they would play off for the championship.

Dayton walloped Cincinnati 91-66 last night and Villanova trimmed St Bonaventure 79-64. Dayton, No 17 team, ran its record to 21-5 as John Horan scored 26 points and Bill Uhl made 24.

Both the NIT and NCAA tournaments gained one team yesterday Wichita, ranked 15th with a 22-3 record, joined Duquesne, Dayton, fourth-ranked Western Kentucky and Louisville in the NIT, and Seattle, No. 7 team was named a Western "at large" team in the NCAA for the second straight year.

Louisville lived up to its NIT selection by whaling Kentucky Wesleyan 91-76 to make its record 19-6, and little St.Francis of Brooklyn enhanced its chances of an invitation by trimming City College 71-51. The Terriers now have 12 straight victories and a 19-3 mark.

The NIT suffered a blow, however, when President Max Farrington of the Southern Conference announced that the conference would not change its rule that the NCAA is the only postseason tournament for members The NIT had hoped to land Furman, if they did not win the conference title because of high-scoring Frank Selvy's gate appeal.

Only two other top-ranking teams were in action last night Notre Dame, No. 6, fell behind Butler 11-2, but picked up by the quarter and won going away 81-56 Holy Cross, No. 9, romped to its ninth straight since a loss to Notre Dame in whipping St.Michael's of Vermont 89-67.

Shovel Bowling Squad Leads City Tournament

Draglines of the Marion Power Shovel League leads the teams in the Men's City Bowling Tournament following action Tuesday

Its score of 2987 is a notch ahead of Bordens' 2959 count. Erie No. 7 had a 2907 total while Machine Shop of the Tecumseh League has 2873 and Studtees of the Palace League a 2862

In action this week, a total of 16 games of 200 or better were rolled Team games of over 1,000 included a 1,046 and 1,029 by Draglines; a 1,031 by Bordens; a 1,026 by Erie No 7; a 1,013 by Joe's Market; and a 1,001 by Machine Shop.

Durando Seeks Sensational KO Over Castellani

NEW YORK (AP)—Ernie Durando has a simple philosophy about boxing.

"If I can catch and hit a guy, then I've got him."

Having caught and belted Rocky Castellani the last time, the Bayonne, N. J., Bruiser feels very confident that he can do it again Friday night in Madison Square Garden.

"I'm going to try and knock him out again," he said as he finished his training in Stillman's Gym "I'd like to make it real sensational."

Told that Castellani was a 2-1 favorite despite Ernie's seventh-round technical knockout in their last fight, Durando said:

"That's okay with me. I'm the best underdog fighter you ever saw I was an underdog against Castellani two years ago I was a 4-1 underdog to Charley Humez in Paris last October and I knocked the Frenchman out in the sixth round. Any guy I can hit solid I can knock out."

It seems that the heavy-fisted Jerseyite has to stop 'em to win He has won 38 of 55 fights with 15 losses and 2 draws. He has shattened 27 rivals, almost 50 per cent But of the 28 fights that went the limit, his record is a poor 11-15-2

Fred Glover of the Cleveland Barons holds the American Hockey League record of goals scored in consecutive games. In 1950-51 Glover scored in 11 games in a row.

Pride Keeping Yanks at Top, Says Reynolds

NEW YORK (AP)—How do the fat and prosperous Yankees stay "hungry" enough to keep on winning baseball championships'

They don't. Allie Reynolds said today—it's not hunger that drives them on, but fierce pride.

"They thrive on the idea of being the best," the big Indian righthander added

It's probably the same stuff that keeps Allie himself on the firing line although he's now 36, relegated to relief chores and rolling in oil riches

"Sure, it's true I don't need my baseball paycheck to keep me going," he said "but this is the game I got my start in, and it's hard to break away

"I know there was talk I might chuck it this year and devote myself to my oil business. But my oil business doesn't keep me tied down So I want to keep playing baseball.

"I'll play as long as I can help the Yankees. When I can't, I'll quit —but you can bet this, I'll quit on top."

Reynolds had a second conference scheduled here today with Assistant General Manager Roy Hamey over 1954 salary demands.

The Yankees are said to be offering the weal hy Cherokee no more than last year's $37,500 if that much He is reported holding out for $40,000.

Greenwich Village *By George Sokolsky*

The tragic and ugly death of Max Bodenheim could not but stimulate my memory of the early days of Greenwich Village where I used to spend nights listening to profound if alcoholic conversations on the new art, the new poetry, the new life.

SOKOLSKY

My own hangout was a restaurant called Polly's, the genius of which was Hippolyte Havel, brilliant in conversation, talking for his dinner and grog, an inspiration to young minds. Havel dressed in an amazing fashion—black corduroy trousers, tan shoes, a red flannel shirt and a flat straw hat. He carried an ebony cane with an ivory top.

There was another place run by a lady, who became Hendrik van Loon's wife, which was patronized by more serious-minded men and women who had fallen upon the recent works of Sigmund Freud.

-:-

HOW POLLY conducted her business, I do not know, unless she earned enough from the curious to subsidize the habitues. Among them, those who had money, paid; those who had only hopes, ate and drank on Polly's charity.

Life was good and rich in those days of poverty because the hopes were high and sure. All of us expected to be outstanding figures in our chosen fields. Sometimes an artist sold a picture to a saloonkeeper on Sixth Avenue who made a practice of subsidizing the new art.

We had lived through Ibsen, Shaw and Brieux; we knew Hauptmann and Sudermann. Some of us were followers of Prince Peter Kropotkin and others of Francisco Ferrer. Karl Marx was not a giant among us.

Many a night, after the sightseers had gone their way, the little world of prospective writers, painters, actors, would argue into late hours on some philosophy of human conduct. And the main theme was freedom. We were all in rebellion and we all sought freedom.

It is difficult to recapture those moments. Many of us had rebelled against our home environments, against parental restraints, against a rough father or a shrewdish mother.

Many of us wanted to risk much, to take fierce chances with life, to rush into situations that seemed impossible.

-:-

MANY OF US, who had rebelled from too much love at home, searched for crumbs of love from some unfathomable stranger. It all seemed so wonderful.

Into this atmosphere came hundreds of Max Bodenheims. The great poet of our day was Harry Kemp and one of the outstanding philosophers was Will Durant, a young fellow who was at Columbia University. Max Eastman was already fabulous. Emma Goldman, Alexander Berkman, the amazing Hapgood brothers, Art Young — who can remember all the names that we youngsters gazed upon and wondered how anybody could be so wise?

When 1917 came, I went to Russia to save the world for democracy. So I missed the 1920's when the Village reached its zenith and decay. Therefore I never knew such characters as Max Bodenheim and Ben Hecht.

Each generation believes in its own superiority and somehow it is impossible for me to believe that their day was as inspirational as mine.

Often Greenwich Villagers came to Peking and Shanghai and one heard of new names. Among them was Max Bodenheim, apparently a wild man, who kissed a thousand lips and wrote about it.

-:-

IN MY DAY, there were no such folks as Communists. There were, of course, many socialists of many brands, but regimented minds and regimented personalities were unknown. Even the socialists believed in liberty. Nobody was afraid of a movement even if he belonged to it. Nobody was afraid.

Orthodoxy of any kind was abhorred, even the orthodox type of liberalism, such as the "New Republic" that Herbert Croly and Walter Lippmann represented. Young men and women permitted their spirits to soar to the improbable and there they found the assurance of a life in which each individual's will prevailed.

It was, of course, a perpetual fairyland but it did strengthen one's desire to do things that seemed impossible and to achieve goals that one could not see. And the Village did produce a galaxy of talented men and women.

I do not find a like place these days, or even similar young people. Too many of them have gone to war or expect to go to war. Youth has become accustomed to regimentation.

Too many live in the shadow of inevitable disappointments. Too many are fashionable in their ideas. The arts thrive only on dreams and dreamers must never fear.

Sign of the Times *By Victor Riesel*

Walter Reuther is being betrayed by some of his followers in the East—where it is now an open secret to the authorities that among these followers are those who have contact with Longy Zwillman, a man once described as so powerful that he was the one big-time crime syndicate chief against whom people feared to testify.

RIESEL

There are many who understandably disagree with Walter Reuther's militant politics and policies. But none can deny that he has fought the mobs, whose murderous memento he still carries in his permanently injured right arm. Reuther has said time and again, over TV and radio and in a speech the other day before Canadian managing editors, that "Every crooked labor leader should go to jail" and that in the cells next to them should be those business and government men who made the crookedness possible.

—:—

YET CORRUPTION is setting into the Eastern areas of CIO, which have always been free of it. At least three agencies have affidavits and documentation, and the story will soon break wide open. There is the arrogant retail union leader who browbeats small businessmen into coming to his office, lures them into off-the-record talks and then tape-records their conversation for guess what later use.

There are other CIO men linked to notorious midwest welfare fund operators now under investigation by a regional Grand Jury and the Bender Congressional Committee.

There is a retail union chief in New York, once arrested for a kidnaping, who now spends so much of each year in Florida that he has a regular listing in the Miami Beach telephone directory. This character tells his members that the CIO assigned him to the sunny clime "to explore organizing possibilities." He's been "exploring" for at least five years.

The authorities in New York and Washington have the documentation. They will hold public hearings in New York late this spring. Revelations will show that these regional union men have betrayed not only their members but their national leader.

—:—

WHILE I'M AT IT, I'd like to hand my personal "Oscar" to two unions which show how easy it is to operate with a soul. One goes to the AFL's Association of Theatrical Press Agents and Managers whose members deal with the millions who visit and live in New York. They are the men who publicize the Broadway shows and run the Big Stem's world famous theatres.

These men have glamor jobs—but seldom steady work. There are all too few hits like "Can-Can," "Guys and Dolls" and "Seven Year Itch."

Some of these union men often need ready cash or money for hospital bills. Others die without leaving money for burials. So the union's leader, a much loved little fellow named Milton Weintraub, launched a welfare fund 10 years ago. Literally millions of dollars could have been raised by putting subtle pressure on big time theatrical producers. But the union didn't operate that way. Instead it set up what I offer now as a kind of code of ethics for all labor.

They run benefit theatre parties and get up an advertising journal. But no commissions are paid to anyone either for the sale of tickets or for obtaining advertisements for the union publication. All work is on a voluntary basis. Members are not taxed or assessed tickets or ads. In fact, they are discouraged from buying the ducats or space. They get no expenses. Only the office girls are paid for working overtime.

No high pressure is put on the producers or theatre operators for special rates on tickets or to purchase ads. About 91 cents of every dollar goes for welfare, the other nine cents covering postage, mimeographing, printing and office help.

It's easy. All you have to do is want to be clean.

—:—

THE OTHER "OSCAR" goes to Al Manuti's New York Musicians Union Local 802, which is fighting to clean up the evil New York nightspots which hook out-of-towners.

Its first step, taken a few days ago, was to pass a motion stating, "Any female member coerced into accepting an engagement whereby she must mix with patrons is requested to notify Local 802, and necessary and proper action to protect her will be taken."

There are thousands of such locals. Let's hear from you.

If there is an "awful lot of coffee in Brazil" which is being kept from us to jack up prices, the CIO soon will know. Walter Reuther has sent Jack Potofsky, head of the Men's Clothing Workers Union, to South America to investigate the coffee crisis and report back to national headquarters for action by the CIO's millions.

General Motors President Harlow Curtice is understood to be ready to give the CIO Auto Workers Union a form of guaranteed annual wage in their next contract. . . .

Labor's own national press service, Labor Press Associates, was struck and picketed for three days last week by seven of its employes. Both sides — executives and strikers — are members of the CIO Newspaper Guild. The newsmen, who service hundreds of AFL and CIO publications, hit the bricks last Monday, when they were not paid. But there were other grievances:

One of the irritations, which is cropping up in the contract negotiations—even as in the outside press—is the "management's" demand for the right to fire workers for "economic reasons. . ." CIO national secretary James Carey mediated the strike—but the feud runs on. . . .

Americanism Week *By Hal Boyle*

NEW YORK

What is America? What does it mean to be an American?

HAL BOYLE

Yet they are questions that each man must search his own heart through to find his own answers.

And many answers have been given since Patrick Henry said in a speech in the Continental Congress on Sept. 5, 1774: "I am not a Virginian, but an American."

Just to refresh your own thinking, here are some observations, serious and not so serious, about the land of the free and the home of the brave:

"The next Augustine age will dawn on the other side of the Atlantic. There will perhaps be a Thucydides at Boston, a Xenophon at New York"—Horace Walpole, 1774.

"I am willing to love all mankind, except an American"—Samuel Johnson.

"...Knavery seems to be so much the striking feature of its (America's) inhabitants that it may not in the end be an evil that they will become aliens to this kingdom"—King George III, 1782.

—:—

"OUR RELIANCE is in the love of liberty which God has planted in us. Our defense is in the spirit which prized liberty as the heritage of all men, in all lands everywhere"—Abraham Lincoln.

"Sometimes people call me an idealist. Well, that is the way I know I am an American. America is the only idealistic nation in the world"—Woodrow Wilson.

"Most Americans are born drunk. . . They have a sort of permanent intoxication from within, a sort of invisible champagne . . . Americans do not need to drink to inspire them to do anything"—G. K. Chesterton.

"This will never be a civilized country until we expend more money for books than we do for chewing gum"—Elbert Hubbard.

—:—

"THE FIRST REQUISITE of a good citizen in this republic of ours is that he shall be able and willing to pull his own weight"—Theodore Roosevelt.

"The American people never carry an umbrella. They prepare to walk in eternal sunshine"—Alfred E. Smith.

"The less we have to do with the enmities of Europe the better. Not in our day, but at no distant one, we may shake a rod over the heads of all, which may make the stoutest tremble. But I hope our wisdom will grow with our power, and teach us that the less we use our power the greater it will be"—Thomas Jefferson.

"He defeated the Americans with great slaughter"—inscription on the tomb of Lord Cornwallis, who surrendered at Yorktown.

"Put none but Americans on guard tonight"—George Washington.

"The desire for riches is their ruling passion"—Duc de la Rochefoucault-Liancourt, after a visit here in 1798.

"To rouse (the Americans') eager interest, their distinguished consideration and their undying devotion, all that is necessary is to hold them up to the ridicule of the rest of the universe. Dickens won them to him forever by merciless projections of typical Americans as windbags, swindlers and assassins"—Bernard Shaw.

Coshocton City Officials Solve Salary Tangle

COSHOCTON, Ohio (AP)—Five city councilman, the city clerk and city solicitor resigned their jobs—then were reappointed with an increase in salaries.

The unusual procedure came about this way:

Last December the Council passed an ordinance boosting member salaries $100 annually. Salaries of the solicitor and clerk were boosted $150 and $100, respectively.

No emergency clause was attached to the legislation and it was allowed to run its course—to become effective in 30 days. That put the effective date of the pay raises around Jan. 6, 1954.

Then astonished city fathers, starting new terms Jan. 1, learned that, under state law, they were not entitled to the raises because salary increases or decreases cannot be effective in the term to which they are elected.

They got some advice from some official sources, and decided on the course they took last night. Councilmen Verle Rucker, Clint Wells, Russell McConnell, Paul McNary and Forest Hudson; City Solicitor Tom Leech and Clerk Norman Lewis, resigned. They were reappointed immediately, and individually, by council vote.

Gambling Income Reaches New Peak

WASHINGTON (UP) — Professional gamblers report they are taking the public for approximately $7,500,000 per month. That's not quite as good as the average of $8,000,000 a month they admitted to in fiscal 1953.

And neither figure is anything at all like the $2,000,000,000 annual gambling take estimated a few years ago by the Senate's crime committee.

The gamblers' own earnings reports are filed with the Internal Revenue Service each month, when the chief of every wagering operation is supposed to pay a tax of 10 per cent on his month's "handle."

Chances are that some members of the wagering underworld are not reporting. For instance, as of last Oct. 31, there were no gamblers registered—no bookies, no numbers games, no nothing — in lower Manhattan, nor in Vermont, South Dakota, Iowa, New Mexico, or Hawaii, for that matter.

The gamblingest state in the union, according to the volume of taxes paid, is Illinois, where gamblers forked over $468,000 during the first four months of the current fiscal year, representing 10 per cent of their total take, which would thus be $4,680,000.

The state with the most gamblers, it would appear, is Washington, where 2,590 signed up in those same four months. But the explanation is punch boards, which flourish in that state and must be registered the same as bookmaking operations under the federal wagering tax law.

The Internal Revenue Service does not deny the gambling tax and the stamp are not accomplishing what Congress said they would—expose gamblers, drive them out of business, or at least net the government a lot of tax revenue.

The service never expected the tax to accomplish any of this, because there were not enough federal agents to enforce the tax law. When gambling slackened, shortly after the tax was enacted, officials attributed it to temporary fright on the part of the underworld operators.

Today they say business is opening up again throughout the nation, and the gambling fraternity is not paying all it owes.

Support Promised for Ohio Project

Dillon Dam Backers Get Bricker Aid

WASHINGTON (AP) — Ohio's only pending flood control project—Dillon Dam near Zanesville—will receive a "fresh examination" from Sen. Bricker (R-Ohio) when the appropriation bill for Army civil functions reaches the Senate.

"The senator helped Rep. Secrest (D-Ohio) get the project into the President's budget" a Bricker aide said.

"But he will want to give it a fresh examination as to the conflicting claims as to the need for the dam when it comes up in the Senate."

The government already has spent about $9,200,000 on this project, one purpose of which is to protect Zanesville from floods. Secrest, whose district includes Zanesville, estimates 18 million dollars will be needed to complete the dam.

Secrest told a reporter Bricker wrote a "strong letter" last fall to the chief of Army Engineers and to the director of the budget favoring the completion of Dillon Dam.

For the year beginning July 1, 1954, the President has asked Congress to appropriate two million dollars. Secrest thinks this will be enough to finish relocating the Baltimore & Ohio Railroad tracks along the Licking River.

The dam is of particular interest to Newark, which lies to the north in the district of Rep. McGregor (R-Ohio).

McGregor tried unsuccessfully to stop plans to build the dam in 1946. He said he thought the dam was "unnecessary."

Asked whether he would try to defeat the project when it reaches the House floor this time, McGregor said he had not decided. He declined further comment.

In testifying before a House appropriations subcommittee, Secrest said Newark would in no way suffer from the Dillon Dam.

He said his own district would have all the permanently flooded lands.

Once every three years, he continued, a flood is expected that would "cover 3,480 acres in my district and only 120 acres outside my district. This pool would be 10 miles from Newark."

Every 20 years, he said, a flood would cover 4,290 acres in his district and 820 acres in Licking County, outside his district. This pool, he said, would be 4½ miles from Newark.

Even if the reservoir area were filled to capacity, said Secrest, water would cover 7,900 acres in his district and "only" 2,385 acres in McGregor's district. This pool would form every 200 years, he said, and still would be two miles from Newark.

"Basically," Secrest testified, "the Dillon project is not a local protection project. It is a major dam in the comprehensive flood control plan for the Ohio River basin."

This is true, he said, because the Licking River, where the dam is scheduled to be built, flows into the Muskingum River, a tributary of the Ohio River.

"This one dam," he said, "will hold back four feet from the crest of a flood in the Muskingum River."

Aside from flood control benefits, Secrest said construction of the dam would give "employment to hundreds of people for the next few years."

On Feb. 6, he said, there were 1,500 people in Newark drawing unemployment compensation and more than 2,600 in Zanesville.

"Now is the time to use this worthy project to bolster our economy," said Secrest.

He also listed as reasons for going ahead with the dam: Money already spent would be wasted, whereas a completed project will give $1,100,000 in annual flood benefits and $99,000 in benefits from conservation, public use, water supply, sanitation and navigation.

He said landowners in the area which would be flooded cannot improve their property because of the uncertainty over whether the project will be resumed.

"I think I can safely say," Secrest testified, "that both the landowners who favor, and those who oppose the project, want to get it over with."

Open-End Mortgage Gains Favor

More Credit Likely Soon For Home Improvements

NEW YORK (AP)—Your home may seem pretty well plastered with a mortgage already. But there's a fair chance today that you can pry open and end of that mortgage and raise some "new money" to do a face lifting job on the old place.

With the mortgage market for new houses showing signs of shrinking a little, and with money on hand to lend, investors are looking with a friendlier eye today on the many householders who yearn to make repairs, improvements or enlargements.

The open-end mortgage is one way to do it. Easier government credit may be another. Congress is considering a plan to increase the maximum to be lent under Federal Housing Administration insurance for improvements and repairs and to extend the period in which to pay.

The government favors making more credit available for home improvements as a way to pep up the building industry, whose health is always a prime factor in the general economy.

One New York banker says that, except for building a new home, no other type of private spending generates as much economic activity down the line as home modernization and improvement. This proved true in the 1930s, he says, and surveys indicate it will prove true again in 1954.

The president of the U.S. Savings & Loan League, Ralph R. Crosby, estimates that savings associations and cooperative banks will lend 500 million dollars this year for property improvement and repair loans.

This would be a gain of 117 million over last year, and of 329 million over 1948.

The home improvement loan business will be actively promoted this year by the Savings Assn. League of New York State, for one. The league's president, David Ford, says the plan calls for selling home-owners on improvements, obtaining dealer cooperation, and "exploiting that new and dynamic do-it-yourself market."

A currently popular way of lending the money is through open-end mortgages. Under this plan, the mortgage is "opened at the end"—if the mortgage holder will so agree—and the home owner reborrows on the principal that he has already paid off on his original mortgage. The additional borrowing is made part of the original mortgage at the original interest rate. The homeowner has to start all over again paying off that mortgage, but he has the repairs or the bigger home that he—or his wife—wants.

Vote With Majority

WASHINGTON (AP)—Sen. Thomas A. Burke (D-Ohio) joined Ohio Republican Sen. John W. Bricker in voting for the White House-approved section of the Bricker amendment designed to make all treaties subject to court review of their constitutionality.

The Senate accepted the amendment by a 44-43 vote yesterday.

The Institute of Life Insurance says 55 per cent of American families now own their own homes.

Farmers Start Feeders' Group For Crawford

BUCYRUS — Approximately 160 Crawford County cattlemen organized a county steer feeders group last week following a visit to several area farms.

The county group elected the following 1954 officers executive committee: Robert Beal of Mt. Zion, chairman; Glen Brause of Sulphur Springs, vice chairman and county director to state organization; Archie Wingert of Whetstone, Dale Harer of Lykens, and Carl Neff of Tiro.

Farms visited were owned by Robert Beal of near Bucyrus; Archie and Layton Wingert of near Whetstone and Jim Huggins of near New Winchester.

Following the tour of farms, the group returned to the Producers Livestock barn on the Plymouth Road where lunch was served in the restaurant. The afternoon meeting was held in the sales arena.

Visitors from Marion, Wyandot and Hancock Counties were introduced, and James Warner, Ohio State University Extension beef specialist, spoke. Glen Brause reported on the Jan. 28 Ohio Cattle Feeders annual meeting at the Deshler Hotel in Columbus.

GLOVES ARE OFF IN THIS BATTLE. Railroad tycoon Robert R. Young, scrappy, 57-year-old ex-chairman of the Chesapeake & Ohio Railroad, shakes his fist to show the fight he intends to make for cotnrol of the New York Central Railroad. Young, arriving in New York from Palm Beach with his wife, criticized the "small clique of powerful financiers" who are blocking him and said he will begin organizing stockholders for a "showdown" in the "battle of railroad titans." William White, president of the NYC, promised the invading financier "a bare-fisted fight."

AUTO CRASH KILLS 2

CONNEAUT, Ohio (AP)—A skidding automobile crashed into a tree on Ohio 179 yesterday, killing Mrs. Martin Flatinger, 27, of Salem, and her mother, Mrs. Ellan McCann of East Palestine. The latter's son, Gerald P. McCann, 20, was reported in poor condition. The three victims were going to a funeral at Albion, Pa.

Congressman Blasts Federal Prison System

WASHINGTON (AP) — Rep. Sutton (D-Tenn.), attacking the federal prison system, has blasted what he calls the suppression of reports in a riot at the Chillicothe, Ohio, reformatory.

James V. Bennett, director of the Federal Bureau of Prisons, suppressed reports of the "most vicious and horrible events" in the 1952 riot, said Sutton.

Participants in that riot, he said, were punished only lightly, if at all.

The Chillicothe insurrection included vicious sexual assaults which were "covered up" by Bennett and his assistant, Myrl Alexander, Sutton charged.

He said two chaplains finally quelled the disturbance after other prison personnel were "seemingly unable or unwilling to stop the riot."

Because of FBI intercession, 90 indictments on mutiny charges were returned and some men were given added sentences ranging from 3 months to 8 years, said Sutton.

Sutton asserted the government's investigation was hampered because Bennett and Alexander asked the FBI not to press numerous sodomy charges in order to avoid unfavorable publicity.

One case covered up, he continued, was that of a boy so badly assaulted he had to be hospitalized.

Bennett declined comment until after studying the text of Sutton's House speech.

When things are really clean, they smell clean. When you wash them with Surf, the all-purpose detergent, they smell like sunshine. You *know* that they're clean clear through.

For your face and hands

Nine out of ten Hollywood screen stars use Lux Toilet Soap. They know from experience that Lux Toilet Soap is as mild and gentle a soap for your skin as you can buy.

For dishwashing

Lux Liquid Detergent was made especially for dishwashing. Packed in a can, it won't break. It has a dripless spout. A teaspoonful will do the dinner dishes for a family of four. And it's mild.

For your nylons

You can double the life of your nylons with Lux Flakes care. 90% of all stocking manufacturers recommend Lux Flakes for nylons. They're perfect for silks, woolens and all fine fabrics, too.

Your sweepstakes coupons and entry blank are in the mail!

Here's the easiest way to win a small fortune you ever heard of! As soon as you get your entry blank, just fill it out and send it in. Full rules are printed on it. Winning names will be drawn just as soon as the sweepstakes closes. You've got as good a chance to win as anybody else. So fill in that entry blank and send it in as soon as you can!

News of the District

Galion

In a quiet ceremony at Angola, Ind., Monday morning, marriage vows were exchanged between Miss Evelyn Gordon and Norwood W. Smith of Galion. The double ring service was performed by Rev. Kenneth G. Honbuckle, Congregational minister, in the Chapel in the Garden, at 11:45 o'clock. The couple was unattended.

Mr. Smith, a patrolman in the Galion city police department for the past 14 years, and his bride have returned to Galion. They will go to housekeeping here after March 1.

Mrs. Smith is the daughter of Reuben Matthias of near Cardington, and is employed at the Stratbury Manufacturing Co. Mr. Smith's parents are Mr. and Mrs. H. G. Smith, Galion.

—:—

Assurance that there will be another Cotton Pickers' Minstrel in Galion this year, an annual production, was made Tuesday night when the Galion Lions' Club at its regular meeting agreed to be co-sponsor of the show with the Galion High School Band Parents' Club. Earlier in the season, plans for a minstrel had been discarded for lack of cooperation in sponsoring the production.

The minstrel will be given March 21 and 22, with chorus practice to begin Sunday at 2 p.m. in the band room of Senior High School. The public is invited to attend the chorus rehearsals.

—:—

The problem of handling thousands of refugees in this area if the enemy should strike is the most important one to be planned for civilian defense, it was pointed out by Attorney Colin MacAdam, Tuesday. He was speaker for the luncheon-meeting of the Kiwanis Club at Hotel Talbott. The program was in charge of Ray Debolt.

MacAdam stressed that while central Ohio is not in the immediate danger zone, that it is in the heart of the heaviest concentration of industry in America. For this reason, he opined that no doubt thousands of refugees would pour into the smaller towns from the industrial cities such as Cleveland, Detroit, Toledo, the Great Lakes cities and larger industrial areas of this part of the country.

—:—

Mrs. JoAnn Ramsey, wife of William Ramsey, last Friday completed a nurses' training course at Ohio Valley Hospital, Steubenville. She has returned to Galion and is now employed in the office of Dr. Malcolm Switzer.

—:—

Announcement is made here of the birth of a son, born Monday in Canton at the Aultman Hospital, to Mr. and Mrs. Andra Gardner of Magnolia. Mrs. Garner is the former Miss Erma Kerr of Galion.

Carey

A special church school workers' conference was held in First Methodist Church Tuesday night. Miss Sally Chesser of Columbus was guest speaker. She is Ohio Conference secretary of children's work of the Methodist Church. The conference was planned and sponsored by the Education Commission.

—:—

"The Old Plantation Minstrels," a production by the Carey Junior Chamber of Commerce, will be presented at Carey High School auditorium Wednesday and Thursday evenings, Feb. 24 and 25. Don Wilson is in charge of the presentation.

—:—

S. N. Don H. Walter, who is serving aboard the USS James E. Kyes, has left Long Beach, Calif., Naval Base for Pearl Harbor, enroute to an assignment in the Far East. He is a son of Mr. and Mrs. Russell Walter.

—:—

The Mary - Martha Class of Christ Lutheran Sunday school met Monday night in the home of Mrs. H. R. Wenner. Joanne Dible, fifth grade student and winner in the recent junior speech contest, gave her oration.

Forest

A miscellaneous bridal shower was given in honor of Miss Mildred Ann Schott Sunday afternoon by Mrs. Justin Farmer Jr. at the home of her parents, Mr. and Mrs. Norman Harris. The hostess was assisted by Miss Carolyn Baum and Miss Beth Ann Alguire both of Toledo.

A kitchen shower was given recently by Miss Jane Griffith, of Cleveland, in honor of Miss Schott.

—:—

One hundred men and boys of the Forest Methodist Church attended the father and son banquet Tuesday night in the dining room of the church. Invocation was given by P. W. Thomas. Senator Jean Simpson acted as toastmaster for the evening. Rev. Donald W. Cryer of Findlay gave the address.

—:—

Vesta Temple 75, Pythian Sisters of Forest, met Monday night in the K of P Hall. Arrangements were made for the annual inspection dinner which will be served by the American Legion Auxiliary on March 29. The chairman of the ways and means committees Mrs. Ohlin Albert displayed the quilt top which was assembled by Mrs. Louis Schilling and her mother, Mrs. Louis Fink. It was decided to have it quilted and sell tickets for the quilt.

—:—

The second meeting of the Forest Farm Tractor Maintainance 4-H Club was held Tuesday night at Forest High School. The club elected Louis McMaster as their club reporter. The maintenance work books were given out.

—:—

The Past Chief's Club of Vesta Temple 75 was entertained Tuesday night at the home of Mrs. Morris Burk.

—:—

Searchlight Club held its February meeting Monday night at the home of Mrs. R. A. Liles.

Crestline

American Legion Auxiliary, McWhirter Unit 488, met at the Legion Home Monday night with 23 members present. Mrs. E. T. Remy and Mrs. Frank Strauch discharged their secretary and treasurer duties, respectively. It was voted to give $10 to the polio drive, $10 to the heart fund and $5 to the Boy and Girl Scouts.

—:—

It was voted to give a donation to the heart fund and the Boy Scouts when the Eagles Auxiliary met Monday night with Mrs. Oscar Tracht presiding. Prizes during the evening went to Mrs. Russel Fisher, Mrs. Lloyd Moorehead and Mrs. Paul Jeffrey.

—:—

The Fraternal Order of Eagles will hold a free fish fry Saturday night in the clubroom for members and their wives or lady friends. Dancing will follow.

—:—

Members of the Current Events Club and their husbands were in Mansfield Monday night where they made a tour of the Kings Wood Center and were shown movies of the new garden arrangements.

—:—

Mrs. Carlton Gekler was a guest with the Eight at Eight Club members in the home of Mrs. Clark Channel Monday night. Pinochle prizes went to Mrs. Paul Campbell, Mrs. Ben Shafer, Mrs. Robert Armstrong and Mrs. Gekler.

—:—

Servicemen's Wives Club met in the home of Mrs. Richard Helfrich Monday night. It was decided to give a donation to the Boy Scouts. Mrs. James Hyler received the door prize. Contest prizes were won by Mrs. Harriet Webster, Mrs. James Hyler and Mrs. L. L. Page.

—:—

Mrs. Mabel Simmons entertained the J. U. Club at the Stiffler Party House Monday night. Mrs. C. Park Arter and Miss Minerva Mann received bridge score prizes and Mrs. William Vertinger, the floating prize.

Upper Sandusky

Mrs. Dora Barth of near Upper Sandusky has returned home after a five weeks visit in Panama with her son, Capt. Delbert Barth and family at Fort Kobble in the Canal Zone. Mrs. Barth made the trip by air from Port Columbus. Capt. Barth is the assistant commander of the Panama Area Damage Control School at Fort Amador.

—:—

The Upper Sandusky senior class will present the annual class play on April 23, in the high school auditorium. Rehearsals will begin about March 15. The play that has been chosen is "Incognito", a comedy-mystery. The cast includes: Pat Warnement, Betty Jean Kinseley, June Delaplane, Martha Mohre, Ruth Binau, Peggy Rall, Gwen Naus, Mary Ann Carroll, Janet Phillips, Barbara Hehr, Sally Blue, Dave Naus, Joe Bolish, Dave Kuenzli, Allen Ulrich, Ken McClain, Joe Hehr, Jerry Steiner, Carl Walton and Sandy Preble.

TO WED FILM ACTOR. The engagement of Patricia Kennedy (above) to Peter Lawford, British-born film actor, was announced by the prospective bride's parents, Mr. and Mrs. Joseph P. Kennedy, in Palm Beach, Fla. Mr. Kennedy is a former United States Ambassador to England. The groom-to-be is the son of the late Lt. Gen. Sir Sidney Lawford and Lady Lawford. The wedding is expected to take place after Easter.

Bucyrus

Mr. and Mrs. Homer Markley of near Nevada, are announcing the engagement of their daughter, June, to Pvt. Donald O. Bowen, son of Mr. and Mrs. Donald Bowen of Mt. Gilead.

"I'll buy both pounds! Mrs. Filbert's and any other spread"

Mrs. M. V. Filbert, Pres.

SAYS MRS. FILBERT

"Compare the smoothness! Even ICE-COLD my margarine goes on bread easier than any other spread you try. No lumps! No holes in bread with Mrs. Filbert's... or I pay!"

Mrs. M. V. Filbert

"HERE'S MY OFFER—TAKE ME UP ON IT!

"Spread delicious Mrs. Filbert's Margarine ICE-COLD on fresh bread," says Mrs. Filbert. "Then try any other ice-cold spread, margarine or not. Does the other one lump, crumble, and tear holes? Mine goes on fast and easy! Yes, if it doesn't beat the other all hollow, send both cartons and a note with your reasons, tell me what you paid, and I'll buy both pounds!"

And smoothness isn't all! Mrs. Filbert's Margarine tastes so dewy-fresh and sweet you can't tell it from the most expensive spread! It's her own recipe—plenty of sweet, fat-free milk and 15,000 units of Vitamin A in every pound. Buy Mrs. Filbert's today! (One smoothness offer to a family, please—and the offer ends March 15, 1954.)

Spreads smooth even ICE-COLD!

Cherry Puff Pudding Is Basic Recipe

Sponge Cake Tops Fruit For an Old-Fashioned Special Dessert

By CECILY BROWNSTONE
Associated Press Food Editor

A George Washington supper deserves a dessert as special — and as old-fashioned — as this Cherry Puff Pudding. We're full of praise for the pudding because it's one of those basic recipes you'll use over and over again.

This old-time fruit pudding is usually called a "cobbler." When we looked into Webster to see what the dictionary made of cobbler we found it was described as "a deep-dish fruit pie with a thick upper crust." Our pudding is called a Puff because it has a feathery cake, rather than a pastry, topping.

The cherries for the pudding are thickened with quick-cooking tapioca, in a saucepan on top of the range before they go into the baking dish. The tapioca leaves the cherry flavor unimpaired and gives a consistency to the fruit juices that is just right with the sponge-cake topping.

When we tested this pudding, we used cherries packed in extra-heavy syrup, and accompanied it with unsweetened whipped cream. It was a delicious combination.

TASTE TREAT. Washington's Birthday dessert caps the meal when you bring on this cherry pudding.

CHERRY PUFF PUDDING

Ingredients: 2 tablespoons quick-cooking tapioca, ½ cup sugar, ⅛ teaspoon salt, one No. 2 syrup-packed pitted red sour cherries, 1 tablespoon lemon juice, 1 tablespoon butter or margarine, 2 eggs (unbeaten) ¼ teaspoon cream of tartar, ⅛ teaspoon salt, ½ cup sugar, ½ sifted cake flour.

Method: Mix tapioca, ½ cup sugar, ⅛ teaspoon salt, and cherries (including juice) in a saucepan. Cook and stir over moderate heat until mixture comes to a boil. Add lemon juice; remove from heat. Add butter; stir until melted. Pour into 2-quart baking dish and keep warm. Put eggs, cream of tartar, and ⅛ teaspoon salt in bowl. Beat with rotary egg beater until foamy. Then add ½ cup sugar gradually and continue beating until mixture is thick and ivory colored. Gradually sift flour over mixture, folding it in as you do so. Turn onto warm fruit mixture. Bake in slow (325F) oven. If desired, garnish each serving with a small ball of hard sauce rolled in red sugar, with a maraschino cherry stem inserted, to resemble a cherry. Or serve with whipped cream. Makes 8 servings.

Five From Marion Take Boot Training

Five Marion youths who enlisted in the U.S. Navy here last week as seamen recruits are now receiving their basic training at the Naval Training Center at Bainbridge, Md.

They are Paul Daniel Lister, son of Mr. and Mrs. Paul D. Lister of 329 Carner Ave.; Robert Keith Ward, son of Mr. and Mrs. James N. Ward of 614 Uncapher Ave.; Fred Robert Ulsh, son of Mr. and Mrs. George R. Ulsh of 240 Clover Ave.; Charles Ross Hecker, son of Mr. and Mrs. Ernest A. Hecker of 255 Madison Ave.; and Larry LeRoy Wygle, son of Mr. and Mrs. James L. Wygle of Oakland Trailer Park near Marion.

The men will receive approximately two weeks furlough upon completion of their basic training and then will be assigned either to a unit of the fleet, a shore based unit or a Navy service school.

Navy recruiter is in Marion at the Courthouse every Wednesday from 10 a.m. to 2 p.m. Enlistments are open to all qualified young men and women.

GRANGE TO SERVE SUPPER

RICHWOOD — Jackson Grange will sponsor the supper for the Farmer's Institute to be held at the Essex Church Monday. Supper will be served in the church dining room from 5:30-7 p.m. Proceeds will be given to the Magnetic Springs polio foundation.

Electrical 'Short' Burns Hole in Pipe

An electric wire which short-circuited on a gas pipe resulted in one of two fire alarms answered Wednesday by Marion firemen.

Central and Mark St. station firemen were called to the residence of Richard Wilson at 627 N. Prospect St. at 2:07 p.m. when the short circuit burned a hole in the gas pipe. They reported the gas caught fire momentarily but caused no damage to kitchen walls or a cooking stove connected to the gas pipe. Only loss, estimated at $5, was to the pipe, they reported.

Only other fire run was to the residence of Dessie Thompson at 202 W. Center St. at 8:02 p.m. Wednesday. Central station firemen answered the call and reported it was only a fire scare caused by smoke from a nearby incinerator filling the house.

Newark Man Indicted For Kidnaping, Robbery

CINCINNATI (AP)—Glenn V. Smith 21, of Newark, won't have to worry about it for quite some time, of course, but indictments charging kidnaping and armed robbery were returned against him here yesterday by the Hamilton County grand jury.

Smith already is serving a 50-year federal sentence on his plea of guilty to a charge of kidnaping.

Smith admitted holding up a wine store here and then kidnaping two men and forcing them to drive him to Indiana.

The indictments will be held in the event Smith should be able to obtain an early release from the federal term.

British Queen Mother Elizabeth To Visit U.S.

LONDON (AP)—Queen Mother Elizabeth will visit the United States next fall as the guest of President and Mrs. Eisenhower, a Buckingham Palace spokesman said today.

"Arrangements are virtually complete and the official announcement of Her Majesty's trip will be made shortly," the spokesman said.

Her coming visit is expected to be a short one, centered in Washington.

Wholesale Food Price Climbs to New Record

NEW YORK (AP)—Wholesale food prices as measured by the Dun & Bradstreet Index inched to a new two-and-a-half-year high this week.

At $7.11 the index compared with $7.09 the previous week and $6.20 in the same week of 1953. It was 14.7 per cent higher than a year ago.

The index represents the total price at wholesale of 31 foods in general use.

FALL IS FATAL

CINCINNATI (AP)—Elbert Whitaker, 29, fell 20 feet down an elevator shaft here last night and was killed. Police said Whitaker, a repairman in the downtown building, apparently thought the elevator was at the first floor when he opened the door with a makeshift key and stepped into the open shaft.

Cherries Will Add to Patriotic Holiday

Hatchet Cookies, Cluster Salad Suggested for Washington's Day

By CECILY BROWNSTONE
Associated Press Food Editor

If cherries are a must in your family come Feb 22 and George Washington's birthday make some of these Cherry Hatchet Cookies Serve them to small fry with glasses of milk as a special patriotic snack In the evening the grownups will enjoy them with a cup of tea or coffee We like this cookie because it has an interesting texture and flavor due to its combination of maraschino cherries, coconut and orange rind So if you want a crisp delicious cookie, that's not overly sweet do try this recipe If you haven't a hatchet cookie cutter make yourself one out of cardboard and cut around it on the cookie dough using a small sharp knife

For a buffet party on Washington's birthday—either at noon or in the evening—you'll find our Cherry Cluster Salad festive So easy to make, and so impressive We served this salad with cold baked ham Bahama-type mustard and crisp potato chips We also had a tray of rolls and thin slices of buttered pumpernickel bread Our tasters voted this salad the best of its type that they had eaten and they particularly enjoyed its creamy topping

HOLIDAY SALAD. Mayonnaise topping makes this cherry cluster salad something to help celebrate

CHERRY TREATS. Hatchet cookies for George Washington fans on his birthday

CHERRY HATCHET COOKIES

Ingredients: 3 cups sifted flour 2 teaspoons baking powder ½ teaspoon salt 1 cup sugar, 1 cup butter or margarine 2½ teaspoons grated orange rind, ½ cup finely shredded coconut ½ cup well-drained chopped maraschino cherries 5 egg yolks (slightly beaten) 2 tablespoons milk extra maraschino cherries (sliced)

Method. Sift together flour baking powder salt and sugar cut in butter with pastry blender or 2 knives until mixture resembles fine crumbs Add orange rind, coconut and cherries, toss lightly until ingredients are well mixed Combine egg yolks and milk add to cherry mixture and mix well Roll dough out on lightly floured board or prepared pastry cloth to ⅛-inch thickness Cut into hatchet shapes and place on greased baking sheets about an inch apart Decorate with extra cherry slices, if desired Bake in moderate hot water, add cold water and (350 F) oven 12 to 15 minutes or until lightly browned Makes about 7 dozen cookies

CHERRY CLUSTER SALAD

Ingredients One 14 - ounce can (No 211) pineapple chunks 2 packages cherry gelatin, 2 cups very hot water 1 cup cold water, ½ cup drained chopped maraschino cherries, ½ cup chopped walnuts two 3 - ounce packages cream cheese 1 cup real mayonnaise ¼ cup milk whole cherries and watercress or mint

Method Drain pineapple reserving juice Dissolve gelatin in very pineapple juice stir well Place in refrigerator until slightly thickened Fold in pineapple chunks cherries and walnuts turn into a 1½ quart mold or an 8 inch square pan and return to refrigerator until firm When firm unmold onto serving plate Meanwhile allow cream cheese to soften blend in mayonnaise gradually Add milk and beat with rotary beater until fluffy Spread topping on salad and garnish with clusters of whole cherries, watercress or mint leaves If watercress is used, place extra sprigs around salad Makes 8 servings

States File Reports For Tax Revenues

CHICAGO (UP)—Sales and gross receipts taxes were the top revenue producers for 23 of the 48 states in 1953, according to Commerce Clearing House

The clearing house national reporting authority on tax and business law said 13 states derived the largest fraction of their income from gasoline taxes Nine reported income taxes were their best single sources

Louisiana and Texas got the biggest percentage from severance taxes on oil and other mineral wealth Delaware, home state of many corporations collected its largest tax from franchise levies

Only one state Tennessee got its major revenue from a new source The gasoline tax replaced the sales tax dominant in 1952 as the biggest producer with 28 per cent of the state's revenue

But there were other notable shifts Massachusetts income tax accounted for only 31 per cent of the state's total tax revenue this year, compared with 50 per cent in 1952

South Dakota's proportion of sales tax receipts dropped from 41 per cent to 34 per cent Alabama increased the take from its sales tax from 28 per cent in 1952 to 35 per cent this year.

BOISE, Idaho (AP)—Louis Rebillet who lives on a ranch on the south fork of Idaho's Salmon River walked 48 miles through 14 feet of snow then hitchhiked to Boise to sign up for the Naval Reserve

When told his duty wouldn't begin until March he said he would walk back to the ranch to wait

Motive Sought After Salesman Kills Girl, Self

LOGAN W Va (AP) — Mildred Hunter's boy friend took her up on it right away last night when she said

"Well if you're going to kill me you might as well do it now"

Thomas M Bowling about 29 a door-to-door magazine salesman fired three quick bullets from a 22 target pistol and killed her then fatally injured himself with a shot in the right temple Sheriff's Deputies Alvis Porter and Otto Manns reported

Bowling died en route to a hospital

The deputies gave this account

Bowling and Miss Hunter, about 27 had been dating for two or three years Bowling reportedly had been away from Logan several months

Last night he appeared at the Jitterbug Inn where Miss Hunter was seated with two other women and a man He called her aside and said something to her which was not audible to the others

When she told him in effect to fade away he took the pistol from his belt and shot her

The motive was not immediately apparent, the deputies said

Texas Landlady Blames Troubles on Democrats

Despondent Police Chief Takes Life After Killing Boy

WOODBRIDGE N J (AP)—Police Chief George E Keating committed suicide by swallowing a dose of cyanide after killing a schoolboy in a hit-and run auto accident, authorities have disclosed

The 62 year-old chief who was to have been honored by the town today for his 35 years of service on the force took the poison in his home Tuesday about 12 hours after the accident in which 14 year-old Robert Berardi was killed

At first Keating's death was believed to have been due to a heart attack but then an autopsy revealed mouth burns and the presence of cyanide

It is a most regrettable case involving this fine officer who had been one of the most outstanding policemen in Middlesex County said Count Prosecutor Alex Eber

Pair of New Minerals Discovered by Mexico

WASHINGTON (AP)—Two new minerals, probably among the rarest materials in the earth's crust, have been catalogued by the Smithsonian Institution scientists

One which has been named ordonezite is a combination of the elements zinc antimony and oxygen It occurs in minute glassy brown crystals found in tin deposits in the Mexican province of Guanajuato

A still rarer mineral is named for a combination of mercury iodine, chlorine and silver occurring in the form of small yellow crystals According to Institute geologists it represents a combination of elements never before found in mineral form It also was discovered in small amounts in Mexico

Asia for Asians Policy Adopted In Philippines

New Foreign Stand Won't Affect Relations With U.S., Backers Say

By DON RUTH

MANILA (AP) — The Philippines' Republic has embarked on a new foreign policy, "Asia for the Asians," which has U.S. diplomatic officials watching carefully. Up to now, the new policy has left cold the Asian countries it was intended to influence.

The policy is based on developing an Asian nationalism under the wartime rallying cry used by Japan in promoting its East Asia Co-Prosperity Sphere.

Philippine proponents insist the new policy will not affect traditional ties with the United States. Despite this, American officials here indicate they must remain alert for any unilateral action which might affect the balance in democracy's bulwark against communism in Asia.

The U.S. Embassy in Manila has not commented officially but appears concerned lest the policy be misinterpreted in some quarters in the United States. The Philippines still depend upon the United States for aid in supporting the islands' economy and so must move cautiously, U.S. sources indicated.

The basic change under the new policy would seem to be toward independent action in foreign matters and away from the old Liberal Party policy of taking cues from the United States. At the last election, Elipidio Quirino, head of the Liberals, was beaten soundly for a second term as president by Ramon Magsaysay and his Nacionalista Party.

The policy switch was disclosed in a surprising manner earlier this month. Instead of being enunciated by Magsaysay or by vice president Carlos P. Garcia, the secretary of foreign affairs, it first was proclaimed by Garcia's undersecretary, Leon Guerrero.

Guerrero was the "voice of freedom" during the early days of World War II until his capture by the Japanese. Later he was released from prison and broadcast Japanese propaganda.

Guerrero's first strong support for the new policy came from Sen. Claro M. Recto, wartime foreign minister of the Philippines under the Japanese.

Recto has been accused by critics of being anti-American, but has denied the charge.

Bi-partisan backing came from members in Congress. But there were strong indications that the defeated Liberal Party would subject the new policy to torrid debate in the Senate.

President Magsaysay has remained silent although Guerrero insists that the new President endorses it.

Vice President Garcia said in a subsequent speech:

" 'Asia for the Asians', far more than a foreign policy, is a statement of eternal reality. It is an axiomatic fact, self-evident and undeniable. It is the expression of a deep sentiment of a resurgent nationalism in liberated Asian countries."

3 Local Students To Attend Institute

Three Marion high school students, two from Harding and one from St. Mary, have been selected to attend the World Affairs Institute in Cincinnati, March 5-6.

Carol Bachman and Murray Leeper of Harding and Claire Needham of St. Mary will be sent to the conference by the Marion Rotary Club. Leading news analysts will speak at the institute.

Miss Edith Brown, American government teacher at Harding, will accompany the students.

Two Harding students, James Popoff and Larry Geissler, have been selected as alternates.

CROSSING CRASH FATAL

AKRON, Ohio (AP)—A passenger train hit a car at an Akron crossing last night, killing the auto's only occupant, Elizabeth Morris, 43, of Akron. The Akron police department said the car was dragged more than 2,200 feet by the train.

RESIGNS. T. Roy Reid poses in Washington after announcement by the Department of Agriculture of his resignation as its director of personnel. Reid, a Democrat, has been an employe of the department since 1935. He is a native of Greenville, S. C. Co-incident with the dropping of Reid, Secretary Ezra T. Benson hinted at a sweeping shake-up to oust hostile Democrats from the department and replace them with Republicans.

6 Drivers Stopped By City Policemen

Six traffic arrests during the last 24 hours were reported today by Marion police.

There were no traffic accidents either in the city or county during the same period, police and the state highway patrol reported. This marked the first accident-free day on streets and highways since the first of the year.

Arrested on traffic charges in the city were John Marion Hite, 42, of near Marion, no safety chains to a trailer, cited to appear in Municipal Court Friday; and the following drivers cited to appear in court today: William A. Simon, 18, of 219 Senate St., unsafe operation; Harold Newell, 21, 940 Underwood St., speeding; S. W. Fryman Jr., 21, of near Cardington, speeding; Harold L. Black, 29, 457 N. Grand Ave., speeding; and Richard S. White, 28, of 332 Windsor St., speeding.

OFFICE TO MOVE

CINCINNATI (AP)—Alfred T. Riley, chief controller of the air route traffic control center here, said yesterday the office will be moved to Indianapolis, probably by Sept. 1. The center controls hundreds of airplane flights daily within a 200-mile radius of Cincinnati and employs a staff of approximately 70 persons.

Senator Lauds Eisenhower's Tax Program

'Just Right,' Claims Flanders Analyzing Economic Proposals

WASHINGTON (AP)—Sen. Flanders (R-Vt) said today he believes President Eisenhower's recommendations for meeting the nation's current economic situation are "just right."

The Vermont senator said he was particularly impressed with the President's tax recommendations designed to increase business incentives by giving corporations and investors some breaks.

Rep. Bolling (D-Mo) said in a separate interview he regards it as fully as important to do some things for the consumer.

Consumption can best be increased, he said, by raising the personal income tax exemption, cutting excise taxes, and speeding up action on public works.

Meanwhile, Sen. Ferguson (R-Mich) said he agrees with the President that March will be the key month in showing how the economic winds are blowing.

The President told his news conference that employment normally picks up in March. If that doesn't happen this year, he said that would be a warning of trouble and his administration would use every weapon available to head it off.

One of the first things that might be considered, he said, is a cut in taxes to spur consumer spending. He did not go into detail, but the taxes most generally cited in this connection are personal income levies and excise, or sales, taxes.

Ferguson said he personally is optimistic that March will show an improvement in the unemployment situation, specifically in his own state where there now are sizable auto plant layoffs.

But if there is not, he said he would be willing to support some emergency moves such as public works projects.

Flanders said he was sure the President's tax program with its business and investment incentives would bring about a decrease in unemployment.

Bolling said the present administration so far "hasn't got to first base" with any program of building up a shelf of planned and ready-to-go public works if the downturn worsens.

Sumatra, one of the six main islands of the young republic of Indonesia, is the fifth largest island in the world. It has an area of 182,860 square miles and a population of nearly 11 million.

N.Y. Stock Quotations

NEW YORK (AP)—Enough firm spots persisted today in the stock market to keep it ahead in a quiet way.

Many minus signs flecked the list, but they were not heavy enough to weigh the market down.

Higher on balance were the steels, motors, radio-televisions, oils, coppers, tobaccos, and electronics.

Among highest stocks were Illinois, Central, Kennecott Copper, General Electric, General Motors, and Zenith Radio.

City Charter Fund Campaign Reaches One-Fifth of Goal

A meeting of the fund raising committee for the Marion Charter Commisison was held Wednesday night at the YMCA.

Chairman J. J. Bray reported letters requesting contributions had been mailed to approximately 80 clubs and organizations in the city within the past several weeks. He said the money was to defray the expenses incurred by the Charter Commission in its work to present to the people of Marion, for their acceptance or rejection at the general election next fall, a charter containing the form of government which they feel is best suited for Marion.

Mrs. Francis Wanda, treasurer, reported that approximately $100 had been received toward the goal of $500. The suggestion was accepted by the committee that all money be turned over to the Charter Commission as soon as it was received.

Bray said many organizations had not had sufficient time to act on their contributions and a second report meeting was scheduled for 8 p.m. Tuesday, March 9, at the YMCA. He added that only clubs and organizations were being solicited and that an individual gift soliciation was not planned. However, he mentioned that donations from private citizens would be welcomed and should be sent to the treasurer, Mrs. F. Wanda at 801 Windsor St.

Grain Quotations

CHICAGO (AP)—Grains were mostly lower in very active dealings at the opening on the Board of Trade today.

Wheat started ⅝ cent lower to ⅛ higher, March $2.5½, corn ⅛ lower to ¼ higher, March $1.52¾-⅝, oats ⅛ lower to ⅛ higher, March 77½-¾, and soybeans 1¼ lower to 1¼ higher, March $3.27¼-3.27.

AMBITIOUS COW

PETERBORO, N. H. (UPI) — Phil's Eva, a registered Guernsey cow owned by Great Elm Farm, Inc., Dover, has quite a 10-month producing record. The American Eva put 12,075 pounds of milk and 602 pounds of butterfat into circulation during that period. The junior three-year-old was milked three times daily.

DOG'S LIFE

ROCHESTER, N. Y. (UPI)—Dogs never had it so good, if the growth of the canned dog food business is any indication. Walter D. Phetteplace, Jr., manager of food and general machinery sales for the Pflauder Co. says his company's big seller today is a machine that can fill and deliver by conveyor as many as 400 cans per minute of the tough-to-handle canine chow.

Ohio River Makes Traffic Comeback

LOUISVILLE, Ky. (UP) — Although the colorful packet days are gone and most of the old paddlewheel steamboats have disappeared, the Ohio River remains a bustling artery of commerce.

In fact, the river is staging a comeback as a transportation route, with an upsurge that made 1952 the busiest in history on the river, tonnage-wise.

Nowadays, the bulk of the tonnage is moved in long trains of steel barges, pushed by powerful and efficient-looking diesel-driven towboats. The boats are called towboats, even though they usually push rather than pull their barges.

In 1952, 5,115,199 tons of cargo moved through the port of Louisville on the river, an increase of more than a million tons since 1950.

Oil and petroleum products account for a great deal of tonnage, but other commodities frequently carried on the Ohio are automobiles, steel and scrap iron, sugar, paper, fertilizers, phosphates, tractors, appliances, creosote, grain, whisky, cement, sulphur and lumber.

One company has developed a system to use the river as a key link in a north-south trucking system.

The trailer portions of heavy tractor-trailer rigs from the north are loaded on barges at Cincinnati in the evening and floated 100 miles down the river to Louisville overnight. Another tractor picks them up in the morning and proceeds south, cutting out a night of driving over a hilly and curving highway between the two cities.

Bonds Placed in Wrong Auto but Right Hands

CHICKASHA, Okla. (UP) — An Anadarko, Okla., woman got a $3,000 thank-you-note from a Kansas woman after a mixup in automobiles.

Mrs. Frank Mingus of Anadarko found a packet of $3,000 matured bonds on her car seat. Confused and a little worried, she left the packet with police before returning to Anadarko.

Minutes later the Kansas woman, Mrs. Gertrude White, rushed into police headquarters to report the loss. She had dropped the bonds into a car that looked like hers—but wasn't.

When a severe earthquake hit the Mississippi Valley in 1811, parts of the river flowed upstream for a short time.

(but clip these for handy reference)

BABY RUTH COOKIES

1 Egg
¼ teaspoon salt
¾ cup white sugar
½ teaspoon soda
1¼ cups flour
½ teaspoon vanilla
½ cup butter, or other shortening
⅔ of giant Curtiss Baby Ruth Bar-cut in small pieces

Cream butter and sugar until smooth. Beat in egg. Stir in other ingredients. Chill and drop by half teaspoonful on greased cookie sheet. Bake in a moderately hot oven (375° F.) for 10-12 minutes. Makes 50 to 75 cookies.

BUTTERFINGER COOKIES

1½ cups sifted all-purpose flour
1 egg
½ teaspoon soda
½ cup white sugar
¼ teaspoon salt
½ cup shortening margarine or butter
1—10c Butterfinger Bar cut in small pieces

Sift dry ingredients. Cream together shortening and sugar. Beat in egg. Add Butterfinger Bar, cut in small pieces and dredged in the dry ingredients. Chill. Drop by half spoonfuls on a greased cookie sheet. Bake in a moderate hot (375° F.) oven for about 12 minutes. Remove from pan immediately.

COCONUT GROVE COOKIES

½ cup of shortening
½ cup granulated sugar
½ teaspoon vanilla
1 egg well beaten
1 cup flour
½ teaspoon soda
½ teaspoon salt

2 Coconut Grove (King Size) bars chopped up (if a stronger flavor of coconut is desired an additional bar can be added.) Cream shortening, sugar, vanilla and salt until light and fluffy. Add beaten egg, mix thoroughly. Sift soda and flour and add to batter. Mix well. Fold in chopped Coconut Grove bars. Drop from teaspoon on ungreased cookie sheet. Bake at 350° F. 10 to 12 minutes. Makes 70 to 75 cookies.

Security Firings Create Administration Problem

By JAMES MARLOW

WASHINGTON (AP) — The Eisenhower administration apparently does not know the answer to the No. 1 mystery of the moment: how many of the 2,200 ex-government workers listed as security risks were Communists?

Individual agencies may know how many Communists each of them found. But the administration, it seems, has neither rounded up the total nor separated the Communists who were fired or resigned from those let out for other security reasons.

Philip Young, chairman of the Civil Service Commission, said yesterday he has asked all department heads to analyze their security separations and break them down into four categories. This still may not give a full breakdown.

More Informative

But it should provide the administration with a little clearer information about the problem than its present jumble of categories, which in some agencies number as many as 15 or 20.

The administration still hasn't said it will make public the total number of Communists found, since it took over from the Democrats a year ago, even after Young gets all the information he asked for.

Newsmen repeatedly have asked for a breakdown. Democrats have demanded it until now, frustrated, they are calling for a congressional investigation. It is an issue building up to a heat which may become explosive.

Background

This is the background:

On April 27, 1953, President Eisenhower announced a new program, a successor to one set up years before by former President Truman, to look for and get rid of government workers who were disloyal or considered security risks.

Truman's program was really two programs in one: (1) loyalty—for firing employes of questionable loyalty and (2) security—for firing people who might be a risk to government security, like drunks or others who talked too much or homosexuals who might be blackmailed into giving away secrets.

Eisenhower's program telescoped those two programs into one, called the security progcam; there was no more distinction between questionable loyalty and security risk.

Wide Classification

A man could be classified as a security risk, and therefore fired, if he was a Communist, fellow-traveler, a drunk, blabbermouth, homosexual or came under any one of a number of other forbidden categories.

And there was another great distinction:

The Truman loyalty program covered all government workers. That is, no matter what job he held in government, high or low, a man found to be a Communist, for instance, could be fired on loyalty grounds.

But, under the Truman program, a man could be fired as a security risk only if he worked in a few agencies which had big secrets involving national security, such as the State and Defense departments, and the Atomic Energy Commission.

But the Eisenhower security program applied to the whole government. A man found to be a security risk, although not disloyal, could be fired no matter where he worked in the government.

Young Reports

And all department heads were instructed to report their security cases to the Civil Service Commission. Last October Young made a report to the White House which, on Oct. 23, said 1,456 security risks had been dropped.

Democrats eventually would have asked how many of the fired people were Communists since the Republicans had made Communists in government an issue in the 1952 campaign and were going to use it in this year's election.

But the Democrats began demanding an answer when some Republicans went beyond the simple White House statement—that 1,456 security risks were fired—and began implying most of them were Communists.

Implication Made

For instance, Bernard M. Shanley, Eisenhower's special counsel, said in a speech Nov. 6 that 1,456 "subversives have been kicked out of the government." Sen. McCarthy (R-Wis) followed this up by saying practically all of the 1,456 were fired for Communist connections or homosexuality.

Later in his State of the Union message Jan. 7 Eisenhower said security risks dropped from the payroll now totaled 2,200.

Newsmen asked Eisenhower for a breakdown. He referred them to Atty. Gen. Brownell, who had developed the present security program. Brownell refused a breakdown and referred newsmen to Young. Young refused an answer and referred them back to the White House.

Then the Democrats' demands for an answer grew louder.

TEDDY'S WAITING. Mrs. Dorothy Tschudy, 29-year-old widow, checks the crib of three-year-old Jeffrey, foster son she wants to adopt, in her home in Albany, Wis. She mothered the boy for most of his life but was forced to surrender him to the state public welfare department last fall because her husband died before adoption proceedings were completed. A court ruling Feb. 16 gave her the right to adopt the boy.

Reds Report Downing 2 China Nationalist Planes

HONG KONG (AP)—The Communist newspaper Ta Kung Pao reported today from Hangchow that Chinese Reds in Chekiang province have shot down two Nationalist planes from Formosa.

Antiaircraft fire sliced one of the U. S.-made F4Fs in two, the report said.

One plane plunged into the sea near Yuhwan, north of Wenchow Bay, and the other crashed and burned somewhere on land, the paper said. One pilot reportedly was killed.

Firemen Smeared With Toothpaste In Springfield Fire

SPRINGFIELD, Ohio (AP)—Firemen had as much trouble with toothpaste as they did with flames and smoke while battling a fire in a semitractor near Springfield last night.

"We had toothpaste everywhere—in our coats, down our necks, on our equipment and alongside the road," said Rural Volunteer Fire Chief George Bargdill. "There may be some teeth brushed with free toothpaste in the morning, but not mine. I've lost my taste for the stuff."

The truck, bound for St. Louis from Akron, Ohio, was loaded with tons of dentifrice.

LAWYER CONVICTED

YOUNGSTOWN, Ohio (AP) — Convicted on charges of professional misconduct, Wilbert B. McBride, 38, has been suspended from the practice of law for one year. He was convicted yesterday by Belmont Common Pleas Judge Clifford L. Belt who was sent here to try the case. McBride was convicted of soliciting professional employment and attempting to impede an investigation into his professional conduct.

Dead Woman Is Charged With Detroit Felony

DETROIT (AP)—A dead woman is charged with a felony in an investigation of the records of a Wayne County Circuit Court post.

Accused is the late Mrs. Freda Crofutt, who was the court's chancery clerk. After Mrs. Crofutt's death last September a shortage of $58,965 was found in her accounts.

A warrant charging conspiracy to violate gaming laws was issued yesterday against Mrs. Crofutt and Stanley Kulma, 32, alleged numbers operator. Investigation has brought out that Mrs. Crofutt played the numbers and bet on horses, and dabbled in the stock market as well, with court funds, officials said.

She was named in the warrant since it is necessary to name at least two persons to charge a conspiracy, the prosecutor's office said.

GETS WORKHOUSE SENTENCE

CINCINNATI (AP) — Harry Long, 40, of Middletown, was sentenced to 10 days in the workhouse and fined $25 and costs here yesterday on a charge of leaving the scene of an accident. Police said Long's car collided with three automobiles Monday. Middletown authorities reported the automobile driven by Long had been stolen in their city and they asked custody of the man when he completes his sentence.

Grocers estimate that food markets of 1939 had about a thousand items from which the consumer could choose, but that there were 5,000 items in 1953.

Sanitation Needs Cited For Small Communities

CHICAGO (UP)—Open dumps or garbage-strewn alleys menace the health of many of the 33,000,000 Americans who live in small communities, according to the American Public Works Association.

Town with populations ranging from 1,000 to 25,000 have been slow to install sanitary systems of collecting and disposing of garbage and refuse, the association said.

The association, in cooperation with the U. S. Public Health Service, recently published a manuel entitled "Refuse Collection and Dispoal for the Small Community."

One "predominant" reason for inadequate refuse control is the feeling in small communities that adequate service is too costly, the manual said. The fee system should be considered in towns with high tax rates, it added.

Under average conditions, the manual continued, the cost to a community of 10,000 persons would be about $6,000 a month. The monthly fee of each resident would come to about $1.40 and businesses would pay about $3 monthly.

But the manual said that, where possible, refuse collection under the general tax system would eliminate complications arising under the direct payment plan.

Labor Merger Chances Killed By Teamsters

By NORMAN WALKER

MIAMI BEACH, Fla (AP)—The AFL Teamsters Union today drafted a rejection of a proposed AFL-CIO 'no-raiding' agreement a move expected to kill off any early prospects of a labor merger

The 'no-raiding' pact is regarded as a necessary first step toward a merger of the AFL and the CIO that would put nearly 15 million members in a single organization However, the teamsters Executive Board was due to veto the plan

Dave Beck Teamsters Union president is openly ambitious to swell his union's membership already 1,300 000 strong He also was known to believe that separate alliances between individual unions are more likely to solve union rivalries

AFL President George Meany said here at the AFL Executive Council meeting last week that 40 of the AFL's 110 unions were agreeable to signing the no raiding pact However, Teamsters Union sources said several big AFL unions, other than the teamsters were against the plan

CIO President Walter Reuther has said that virtually all CIO unions—except only a few with less than 2 per cent of CIO's membership—are willing to go along with the plan

Beck was reported ready to contend that (1) other unions have more than 50 000 members belonging in teamsters jurisdiction, (2) the AFL-CIO plan can't work and (3) it is illegal under the Taft-Hartley Act

The plan would require that the disputes over the right of unions to organize particular groups of workers should be decided by a neutral but Beck is reported convinced unions would not accept such decisions

Yesterday Beck called for tighter enforcement of state insurance laws to prevent union officials from being tempted with kickback" offers from insurance agents and other businessmen anxious to pay off to get union welfare funds business

Tied in Legislative Knots

As close an observer of Congress as Arthur Krock of The New York Times ended a discussion of the issue which started out many weeks ago as the proposed Bricker amendment with these words:

"As the ranks close in for the final battle, some respected lawyers will be heard asserting even more positively that what other respected lawyers say is the law is not the law at all."

This has become the most conspicuous thing about the issue—this inability of constitutional lawyers to agree on the effects of what is being proposed.

Sen. Bricker set out originally to make certain that no agreement with a foreign government ever could be twisted into an agreement to override any constitutional right of any citizen of the United States. By the time his original proposal had gone through the hands of constitutional lawyers the main motive had been obscured by other purposes, some so controversial they are constitutional issues in their own right.

Moreover, the original proposal is now tied in so many legislative knots it will keep senators busy for the next few days cataloguing what they are being asked to vote on. As matters stand now, the procedure will be something like this:

1. The first vote will be on Sen. George's substitute, which is about the same as the proposal recommended by the Senate Judiciary Committee last year, except that it applies only to executive agreements and does not include treaties.

2. If the George substitute fails, the second vote will be on the Knowland substitute, on which the Eisenhower administration and Sen. Bricker are in substantial agreement, but which the senator would like to broaden to cover the possibility a treaty might sometime have the effect of internal law without the benefit of separate legislation by Congress.

3. If the Knowland substitute fails, the third vote will be on the revised Bricker version of the amendment recommended by the Senate Judiciary Committee. This would include the safeguard against treaties becoming internal law without separate legislation. If this proposal fails the issue will be dissolved as far as Congress is concerned this year.

Two other possibilities exist.

One is a possible proposal to recommit the issue to the Senate Judiciary Committee for further study.

The other is a possible proposal to do by revision of the Senate Rules part of what Sen. Bricker originally was trying to do; namely, to make certain the Senate would not ratify carelessly or in ignorance a treaty whose provisions might destroy constitutional liberties.

All or Nothing for Rhee

There could have been no better time than the anniversary of Lincoln's birth for Americans to be reminded that Syngman Rhee is still determined to unite the Koreans.

The aged president of South Korea insisted in an interview this week that he is not bluffing when he promises to renew the war to drive the Chinese out of North Korea. At his age and in his circumstances, he points out, he lacks both time and means for bluffing.

His country has been invaded by an ancient enemy, the Chinese. It is threatened by the resurgence of another ancient enemy, the Japanese. Either Korea must have the independence it was promised while World War II was still in progress, or it will have nothing. One of its two enemies will destroy it if it can't develop strength through unity. Korea, he points out, has no choice.

This is a world of stubborn facts. Right now it is a world bristling with stubborn facts. Not the least stubborn of them is the fact Syngman Rhee cannot be prevented from trying to unite the Koreans if he can persuade his South Korean army to fight for that cause.

Never Is Tomorrow

When physicists and engineers talk about atom - powered locomotives, an ordinary man's attention does not waver. Here is something he can grasp with his untutored mind.

Here, except for a little matter of a few hundred tons of dead-weight, is his own potential locomotion of tomorrow. The thing that never was going to happen because fissionable material would require too heavy a shield already is on the verge of happening on rails, as it has happened in submarines.

It could happen sometime on highways. A motorist could step into a showroom and pick out his atom - powered platform on wheels, complete with two-tone upholstering, air conditioning and vibration-proof body.

He could say to the unctuous fellow in charge of the deal, "I'll drop by first thing in the morning with the check and have everything ready for me."

The next morning, when the papers were signed, a mechanic would insert a lump of uranium the size of a cube of sugar and that would be it. The car would be "filled up" permanently. The owner henceforth would stop at filling stations only to have his jalopy gone over with a Geiger counter for radioactive leakage.

Liberals in Reverse

By David Lawrence

Democratic Faction Would Restrict Free Speech

This is certainly a topsy-turvy world — if one takes seriously the news dispatches of today which show "liberals" trying to restrict freedom of expression and another group on the opposite side, called "reactionaries," trying to prevent such restriction.

Some senators of the Democratic party usually described as "liberals" are sponsoring legislation which would prevent certain high officials in the Department of State from speaking at political meetings. They say that the Hatch Act should be amended so as to prohibit the security officer of the State Department, R. W. Scott McLeon, from making political addresses.

Normally one would expect any "liberal" to be interested in widening rather than restricting the area of expression for the individual. No more reactionary piece of legislation was ever put on the statute books than the Hatch Act, which takes away from government employes their right to speak their own views on the subject of public affairs.

With all the shouting that has been done lately about a "hysteria" that would deprive citizens of guarantees given them under the Bill of Rights, it is surprising that an effort now is being made to make the Hatch Act more rather than less restrictive.

-:-

THE FALLACY in this movement can be readily discerned when it is noted that the Hatch Act does not deprive presidential appointees of their right to speak at political meetings. In the State Department, for instance, the legal adviser as well as the various assistant secretaries and the secretary himself all have duties to perform with reference to decisions on the security or loyalty status of employees.

McLeon may gather data, but his is not the final decision on security and the employe who is charged with irregularity of any kind has the right of appeal above McLeon's jurisdiction to the under secretary of state for administration, Donold Lourie.

It seems passing strange that when Adrian Fisher, legal adviser to the Department of State under the Truman administration, made political speeches — and the legal adviser certainly is in a "quasi-judicial" or "judicial" position on almost every question that comes before him, including the security of personnel—no objection came from any of the "liberal" senators.

Nor was there any fuss raised by the same "liberals" when Conrad Snow, head of the State Department's Loyalty Security Board, began making speeches in the autumn of 1951 attacking Sen. McCarthy at George Washington University in Washington and the Harvard Club in New York.

In one of these speeches he said: "The Hiss case and the case of Judith Coplon in the Department of Justice have done more harm in terms of public confidence than any harm Hiss or Coplon ever did in the delivery of classified papers."

-:-

SNOW WAS interrogated rather severely by the Senate Internal Security Subcommittee because of that comment, but nobody introduced legislation to keep him from making any more speeches.

Just why should anybody in the United States Congress be afraid to let a government official express himself on any subject of public interest whether it is at a political meeting or a non-political gathering?

The line of demarcation between a speech extolling administration policies, yet not mentioning the name of a political party, and an address which happens to use the name of a political party or candidate is too thin to recognize.

Any official or employe of the government can make so-called "non-political" speeches at any time and yet be immune from the Hatch Act penalties but, the moment political parties are mentioned, freedom of speech for the government employe vanishes.

One wonders what the Supreme Court of the United States will say to all this some day if it gets a clear-cut case of a Hatch Act violation based on a public speech at a political meeting. On its face, the law seems invalid.

Liberal groups, moreover, are adopting resolutions advocating restriction on congressional committees.

THEY SEEM to forget the words of wisdom which came from the pen of a well-known liberal — then an esteemed professor of law at the Harvard Law School — Felix Frankfurter, who wrote in a magazine article in 1924:

"The question is not whether people's feelings here and there may be hurt or names 'dragged through the mud,' as it is called. . . Critics, who have nothing to say for the astonishing corruption and corrupting soil which have been brought to light, seek to divert attention and shackle the future by suggesting restrictions in the procedure of future congressional investigations."

What brought forth that comment from Professor Frankfurter?

Scandals in a Republican administration which were being exposed by the relentless "methods" of Senator Tom Walsh, — who, incidentally, had presidential ambitions that year.

The persons whose names were being publicized then were just businessmen who were protesting violations of the rights of privacy by congressional investigations.

It all depends on whose ox is gored — whether and when "liberals" really stand for the widest congressional investigations and the freest expression by individuals in the government.

Saving the Surface

By TRUMAN TWILL

The painting at our house, which was begun halfway through January, has run halfway through February, with no terminal date in sight.

Since it is part of what is being described lately as a do-it-yourself movement which is sweeping the country and making it possible for millions of little people to live above their incomes, it is a proper subject for public discussion.

There comes a time in painting when an amateur painter knows without any doubt why there are professional painters. It is because the pros do not mind putting in hours of their time doing with more or less skill what amateurs end up by doing reluctantly with no skill at all.

Skillful painters are born. When I was born, the stars weren't in the right arrangement for skill in painting. Yet, by force of necessity and because a man hates to admit he is without skill, I have painted as much as any reluctant amateur east of the Mississippi River.

My first painting assignment was on a construction job when the foreman handed me a large brush and a large pail filled with orange paint and told me to paint a large steel I-beam that had been hoisted into place before the paint had been applied. It was a hot day. The beam hottened as I inched out on it, painting as I went and clutching for dear life. I was parboiled before the job was finished. The foreman was burned up. He gave me no more painting assignments.

On my next assignment I turned chicken on a porch roof when I could not muster the courage to drop over the edge and grope for the top rung of the ladder with my foot. My screams of fright brought a rescuer, who happened to be the owner of the roof. He decided to hire someone with some savvy about ladders.

I painted fenceposts for the state highway department one summer and filled my eyes with the witches' brew used for that purpose. The foreman suggested some other line of work, starting the next morning.

I have painted all or part of two houses inside and outside. I have painted storm windows and screens beyond numbering. I once painted a barn as part of a crew and on another occasion painted a double garage from the priming coat straight through to the sash black on the windows.

Yet even now I still cannot trust myself to get a brushful of paint from the bucket to the surface without dripping it into my shoes and spraying it on my face.

No matter how thorough I think I am being while I paint, huge unpainted places invariably appear the next day. Lumps appear in the dried paint. Paint spots appear in places where no painting has been done.

But the painting goes on and on. Even as part of the do-it-yourself movement sweeping the country, it's the most boring way ever devised to spend time which might be used more profitably in working Chinese puzzles.

Long before the project of painting the inside of our house has been wrapped up, it will be time to paint screens. And long before the screens have been painted, it will be time to start again on storm windows.

From Our Readers

To The Star:

When people are discontent with news coverage, they are prompt to send you their opinions. Too often, we forget the "pat on the back" for a job well done.

The Star's coverage of City Council and its meetings has been exceptional, with its concise report and easy to read copy. This, indeed, will arouse the interests of the citizens of Marion in their city government.

So congratulations and many thanks for your excellent work.

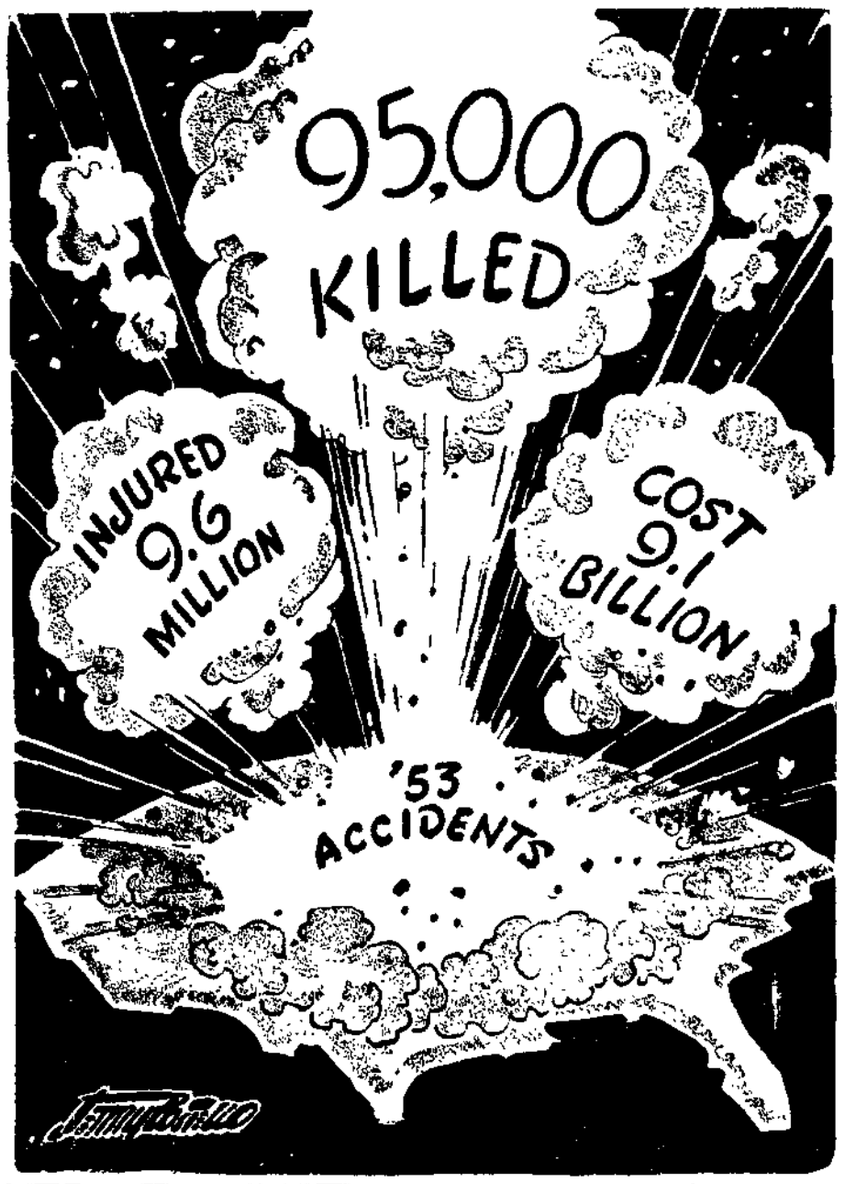
Daily Bible Thought

It takes glorious people to make a city glorious. Unselfish public spirited people. A few lawless people can ruin the glory of a city. Myriads of parents, teachers, ethical business people, idealists build the good name of a city. Glorious things are spoken of thee, O city of God.—Ps. 87 3.

Home Front Casualties



Sophisticates Still Play Politics

By Raymond Moley

It would be too broad a characterization to say that this piece is written in praise of the leaders of the left side of the Democratic party. It will, however, offer a note of admiration for their sagacity, without adding the hope that they will succeed.

Whatever may be said about the havoc they wrought when they were in power and the dangers of letting them control again, it has to be acknowledged that they are, in the fine art of politics, sophisticated, professional, expert, or whatever else you choose to call people who know their way about.

"About what?" you may ask. The answer to that is another story.

-:-

IT IS ELEMENTARY in political contests, as in other forms of competition, that you direct your attack at any discernible weakness in your opponent.

If he has a temper that needs a stiff rein, try to break his control, and if the effort is successful, his irrationality will injure him.

If his following is not well integrated, try to divide it.

If your own following is not well integrated, try to get your adversary to unite it by generalized attack.

Finally, if your opponent is politically naive, lead him into damaging statements or admissions.

Most of these rules were followed in the recent pother over so-called "be kind to Democrats" week. And the harvest was rich.

First, there was the wailing about the Republican charges of "a campaign of fear." This was "smearing," they said. Sam Rayburn was one of the complainants.

This is the same Sam Rayburn who said in November, 1951, that "If some of these fellows that have been talking like, well I might say Bob Taft, was to get elected president, and the people were to think between November and January 20, that they were going to put their threats into performance, money being as scary as it is, we might have a great panic in that time, I fear that myself."

-:-

THERE WAS real political smartness in that statement because it obviously helped Eisenhower's chances to get the nomination.

Rayburn must have known even that far in advance that under Eisenhower there would be more kindness to the Rayburn school of Democrats. It also prepared the way for a scare campaign before the 1952 election.

With this current series of complaints came a series of suggestions that Democratic support would be withheld if such Republican attacks continued. This, as well as the complaints, should have been laughed off. Neither Sam Rayburn nor Sen. Symington nor any other Fair Deal Democrat can control the votes of conservative Southern Democrats.

But the Democrats apparently knew that the President would respond to these tactics exactly as they wanted him to respond.

His statements that he believed it would be unwise to engage in too partisan attacks were immediately interpreted to be an attack upon Sen. McCarthy and other Republicans who were out campaigning.

-:-

THIS APPARENT chastisement by the President blunted Republican attacks and in some cases actually prevented them.

Sen. Ferguson, for example, went to Brooklyn with a speech prepared that was an attack upon past Democratic rule. He threw his speech aside and gave a mere historical summary of the glories of the Republican past.

In all the chatter that followed the President's admonition, there was no attempt to distinguish between the two factions in the Democratic party.

Ex-President Truman and Sen. Humphrey came under the same protective rule as Sen. George and Gov. Byrnes.

Reporters who are looking for news as well as a chance to strike a blow against Mid-Western Republicans also use this susceptibility of the President.

Questions in press conferences are sometimes phrased like this: "Mr. President, do you endorse the diabolical attacks now being made by that fiend, Sen. McWhatsigan?"

They are looking for this sort of answer: "Of course, I never, never speak of personalities. But I am against diabolical attacks by all kinds of fiends."

And the reporters have their story and the Rayburns chuckle over their morning oatmeal and sugar buns.

An Invitation for Soaring

By MARK DANA

The American Museum of Natural History in New York seems a bit over-modest in putting on display a startling electronic computing machine which instantly figures out a travel routing, complete with distance and time involved, for space trips into celestial regions.

The gadget, developed by the Underwood Corp., with seeming happiness works up a railroad-like time table, showing possible stopovers and side trips and delivers the information in the form of a quaint certificate. Children visiting the museum delight in asking it questions like "How long will it take me to get to Mars?" and "What's the best way to go?" and "How much will I weigh when I get there."

A certificate turned out in reply "approves" the space flight, reminds that a 100 pound lad will weigh only 38 pounds on Mars, points out that the aerial voyage will take nine days, and suggests side trips to satellites Deimos and Phobos. There are rumors that some earth-weary or perhaps just dreamer adults are surreptitiously punching the buttons, too, and wondering about hotels and golf courses and bathing beaches on Venus, Mercury and Jupiter.

The venerable museum does not ask grownups to take the space-trip suggestions seriously, even though the electronic robot does compute any cosmic routes suggested. Yet for a museum, normally considered a conservator of moldy past, to reach so enticingly into the future, is itself a splendid departure from routine — and if there is anything needed in the world besides a five-cent cigar and 50-cents-per-pound coffee it is something to abet escapism from living ruts.

A vicarious or fanciful space voyage to the moon or a more distant planet can take dull-living people literally out of this world. Certain super-science fiction stories spur the cosmic urge which assuredly is not limited to small boys. These routing machines for the heavenly pathways tickle the imagination in a world oft dismayingly realistic.

The Once Over

Excelsior!

President Eisenhower has just presented a medal to Sir Edmund Hillary for his ascent of Mt. Everest. In a way this was a case of one mountain climber to another. Ike has been scaling some icy places for the past 13 months, doing it without a rope. An account of his exploits is easily imagined:

I.—Had cosy job on firm ground but was persuaded to take off from Morningside Heights, N. Y., for dramatic attempt to climb the Why-Taus Mountain Range and scale Mt. Never-Rest in the wild Potomac country. Established base camp on lower ledge of Pennsylvania Avenue. Hearty weather set in at once, some of which seemed to have been arranged by human hands.

II.—Storms heaviest since the Smith, Landon and Dewey expeditions. Had hardly begun ascent before charges that Tensing Wilson, my Sherpa guide, had interest in hemp business, forced him to sell his rope and depend upon an old proxy in case of fall.

-:-

III.—Raging blizzard impeded progress up icy slope. Democrats were using automatic blower to mix rocks with snowflakes. At this point expedition lost one of its climbers, Wayne Morse. First believed he had slipped and fallen down mountain. Found he had performed deliberate ski jump for own amusement.

-:-

IV.—Reached Budget Balance Ledge. Discovered previous Mt. Never-Rest expeditions had dug craters and covered them with thin layers of snow to make further progress difficult. Sherpa companion Humphrey gave great encouragement by constant reciting of "A youth who bore mid snow and ice a banner with the strange device 'Excelsior!'." Found our oxygen equipment had been sabotaged. No clue except single word "Snallygoster" scrawled in snow. Left hand frostbitten by Jackson Day dinner speeches.

-:-

V.—Climbed to second camp at Mt. Economy after tough trip through Taxation Gully. Sherpa guides Benson, Wilson and Humphrey both had feet frozen by drop of temperature from 10 below zero to 20 below. Paul Douglas. Heavy underwear replacements sabotaged by National Democratic Committee and opposition press.

-:-

VI.—Encountered howling gales in fight to reach Balanced Budget Cliff. Members of expedition denounced bad weather in forceful language and were accused of unnecessary roughness, unfair accusations and impolite unladylike language. Received radio message demanding that I repudiate all violent references to obstacles making it tough for me.

-:-

VII.—Struggled upward against charges that my expedition would bring on avalanches and that my anti-avalanche program is unsound.

-:-

VIII.—Food low but criticism high. Opposition groups claimed my oxygen intake favor only the rich. Shall continue to press for the peaks but wishing for the comparative restfulness of European army command!

Ex-King Farouk's belongings are being auctioned off and we wonder who got his toboggan slide? . . . Also to whom his VIP car, Romeo costume and money-incinerator were knocked down.

The Academy of TV Arts has given the award to Omnibus, over Show of Show, Toast of the Town and Colgate Comedy programs, as the best variety show of the year. This is like holding that the Planetarium is more fun than Guys & Dolls. We suggest that Omnibus do a two hour program explaining its own complete surprise at topping Jimmy Durante, Tallulah Bankhead, Eddie Cantor, Sid Caesar and Imogene Coca.

Congress Studies Proposals To Reduce Big Deficits in Post Office Department

By RICHARD FRYKLUND

WASHINGTON (NANA) — Congress seems to be heading for re-examination of the function of the Post Office Department.

Is it a service or a business? Or, if it is a combination of the two, how should the service function be paid for?

As the Post Office has grown over the years it has taken on new jobs which have little to do with its original functions of carrying letters. Today, for instance, the post office sells money orders at a loss, carries books free to libraries, carries third-class mail at a loss for charitable or religious institutions and collects for C.O.D packages—at a loss.

No one is advocating that these and other profitless services be stopped, but there is strong demand on Capitol Hill and in the Post Office for an operation that more closely resembles a business.

Postmaster General Summerfield wants fast action from Congress on a bill to increase postal rates, particularly on first-class mail, so that a pay-as-you-go system can be approached. The increase plus more economy and some bookkeeping revisions will bring the deficit down to a relatively small $100,000,000 a year, Summerfield believes.

To congressmen who don't see it his way on the rate raise, Summerfield says he merely is "facing unpleasant facts." Here are his facts:

—:—

THE POST OFFICE has lost $4,000,000,0000 since 1945. It is running into the red now at the rate of more than $1,000,000 a day. The deficit in the last audited year, fiscal 1952, was $727,000,000. By heroic efforts, Summerfield expects to cut this year's anticipated deficit in half, but would still leave it a whopping $317,000,000 in the red.

Except in war years, the Post Office almost always loses money. The current large losses, however, seem to stem directly from the lag of postal rates behind the cost of living. While operating costs have gone up $1,500,000,000 a year, revenue has increased only $390,000,000.

Economies, Summerfield says, can make up only part of that lag. Rate raises will have to supply the rest.

—:—

WHERE SHOULD the boost be applied? Second-class mail, mostly newspapers and magazines, loses the most money, according to post office bookkeeping. But, Summerfield says, users of that class have been hit by a recent 30 per cent raise and could not stand another sharp one, so he recommended that the second-class deficit of $240,000,000 a year be cut by only $15,000,000 through another 30 per cent, staggered rate hike.

Third-class mail loses $190,000,000 a year. Rates for this material, mostly advertising material and circulars, would be raised enough to reduce the deficit by $50,000,000.

Summerfield asked for small increases in book rates, worth another $3,500,000 and an increase of a penny in airmail rates, which would bring in an additional $15,600,000.

But the bulk of the new revenue sought by Summerfield would come from an increase on first-class letters sent out of town. This mail now pays its way; and first class as a whole, including local mail, is earning the post office about $100,000,000 a year. The new rate on less-than-one ounce letters sent out of town would be four cents.

—:—

SUMMERFIELD, in other words, wants to make a substantial profit on first-class mail so that he can make up some of the deficits incurred by second and third class and by special services. (Fourth class —parcel post— breaks even, and is not affected by the Summerfield proposals.)

The burden should be put on first-class users, Summerfield believes, because there are so many of them that the cost to individuals would be slight. No one would be forced out of business, as would be the danger if second—and third-class users were hit hard enough to bring in the same revenue.

The shift of the expense to first-class mail is the proposal which has run into trouble on Capitol Hill. Some congressmen believe each person or business using the mail should pay for what he uses, not more nor less. Other key congressmen—and Rep. Hagen, second-ranking Republican on the Post Office committee is their spokesman — make these objections:

First-class mail charges are, in effect, a general tax, because that mail is a government monopoly and all persons must use it. (A higher "tax" is not desirable at this time.) And, Democrats point out, this tax would hit low-income persons proportionately harder.)

—:—

THE HAGEN FOLLOWERS believe the Post Office should not make a profit on first-class users. The Post Office, they say, is a service. If second—and third-class mail is losing, and they do not concede that Post Office accounting methods are entirely valid, those rates should be raised, but not immediately in view of the recent 30 per cent raise. Hagen believes a new raise would ruin many small newspapers and magazines which depend to a large extent on mail circulation.

The Summerfield bill was approved by the House committee on a 13-9 vote with several Republicans in opposition. Opposition was so strong, however, that there is doubt whether the bill can pass.

There is a strong move in both the House and Senate committees to do this instead:

Restudy the entire Post Office function. Decide what sort of services the Post Office should perform and lay down a new policy on payment for those services — decide whether the persons who benefit should pay all or whether general tax revenues should support some services and portions of others. Then separate losses of the services not designed to pay their way from the general Post Office deficit.

When the picture has been cleared in this way, rates can be adjusted to reduce whatever unwanted deficit remains.

Two steps in weeding out misleading postal deficits have been taken in the past year. Some $90,000,000 worth of annual subsidies to airlines have been shifted from Post Office bookkeeping to the Civil Aeronautics Board, and $35,000,000 worth of government-franked mail now will be charged to the agency sending the mail.

Cleveland Judge Is Recommended For Federal Bench

CLEVELAND (AP)—A lifetime federal judgeship with a $15,000-a-year salary appears in store for Common Pleas Judge James Connell, who has figured prominently in labor cases during recent years.

The 57-year-old jurist has been recommended by U.S. Sen. John W. Bricker (R-Ohio) to a new judgeship in the northern district court of Ohio.

Sen. Bricker, in an announcement from Washington yesterday, said he would recommend Connell's appointment to President Eisenhower. The action by Bricker, Ohio's Republican patronage chief, constitutes the strongest possible endorsement.

Recently created by Congress, the court will probably meet in Youngstown for lack of court space in Cleveland.

Miss Wilson, E. E. Holt Receive Appointments

A Marion grade school principal and a former Marion City School superintendent are among 49 educators appointed to new committees in the Ohio Education Association.

Miss Clara Alice Wilson, principal at Pearl Street School, and E. E. Holt, former Marion superintendent, received committee assignments, OEA president W. R. Gongwer announced today. Holt now is superintendent of schools in Springfield.

Miss Wilson becomes a member of the resolutions committee while Holt has been named chairman of the federal relations committee.

BACKED BY BRICKER

WASHINGTON (AP)—Sen. Bricker (R-Ohio) has recommended Potter Stewart to fill a vacancy on the bench of the Sixth Circuit Court of Appeals. The sixth circuit serves northern and southern Ohio

If Stewart, 39-year-old Cincinnati attorney, is confirmed, he will be the youngest circuit judge in the United States, Bricker's office said.
